COMPLETE JURY FOR TRIAL OF DEMI
'NIGHT RIDER' CASE THIS AFTERNOON

Eighteen Men are in Jury Box When Court Recesses at Noon—Seek to Determine Attitude of Prospective Jurors on Methods Employed During the Liberty Loan Campaigns

The case of John Demi vs. Stephen Balliet, Dr. A. E. Rector and Dr. D. J. O'Connor, members of the Outagamie Council of Defense, charged with making an assault on the plaintiff while on an alleged night raid to his premises in the town of Grand Chute on the night of Oct. 19, 1918, which it is claimed was made for the purpose of forcing him to purchase his quota of Victory bonds, went to trial in circuit court shortly after two o'clock Tuesday afternoon. Judge A. H. Reid of Kaukauna sitting for Judge E. V. Werner.

The jury will be completed early this afternoon. When court adjourned for the noon recess there were eighteen jurors occupying seats in the box but as the preliminary examination had not been completed there will be several changes. The regular panel of jurors was exhausted and a special panel of fourteen was summoned. Two jurors, John Boldt and Rudolph Nieman, were challenged by Attorney Martin and eight were excused, having formed opinions in the case. They were Henry Nabbefeldt, Joseph Kerry, Leonard Williams, Emil H. Court, A. J. Ingold, J. L. Jackson, Andrew Palmbach and James Hanchett.

According to Sheriff V. R. Rule the attendance this afternoon will be limited to the number of seats in the court room. No one will be permitted to stand or crowd the aisles. The examination of John Boldt was resumed this morning. Other jurors examined were Clark Wilcox, William Spoehr, Walter Mueller, Walter Ogilvie, George Schaefer, Ashley Armstrong and John Kline.

Every seat in the court room was occupied when the bailiff announced the opening of court. The spectators consisted principally of members of the parties to the action, members of the American Society of Equity and especially from the town of Grand Chute, and lawyers and judges from this and neighboring cities. It is the first appearance on the bench in Appleton of Judge Reid, whose reputation as a jurist had preceded him.

The array of legal talent in the case indicates that every step of the trial is to be stubbornly contested. Demi is represented by Attorneys Cochems and Kolinski of the firm of Cochems, Wolfe and Kolinski of Milwaukee; and the defendants by Attorneys P. H. Martin of Green Bay; F. J. Rooney, F. E. Grogan, P. S. Bradford and J. P. Frank of Appleton. The former attorneys occupy the table nearest the jury box. John Demi, the plaintiff, who is accompanied by C. E. Balhard, occupies a chair immediately behind his attorneys, and just within the railing.

The roll call of jurors for the March term of circuit court, who were called in for the first time, showed practically all of them present. As soon as Judge Reid called the case the following jurors took their places in the jury box as their names were drawn: Rudolph Nieman, Louis Nickles, Albert Treiber, John Koehnke, Henry Vanderhinden, M. G. Verbeten, John Heckel, Jack Miller, James Smith, George Jolin, Charles Paschen, M. H. Hucksins, Rufus Poole, John Boldt, Clark Wilcox, William Spoehr, Henry Nabbefeldt and Walter Mueller.

Before examining them Attorney Cochems stated very briefly to the jurors the history of the case which was to the effect that the action was for damages claimed to have arisen out of a charge made by the plaintiff that at a late hour on Oct. 19, 1918, the three defendants, in addition with a large number of other men, visited Demi's home and there attempted to secure a subscription to a liberty loan went into his home and placed a rope around his neck and threatened him with serious consequences if he failed to comply with their request.

Rudolph Nieman was the first juror to swear. In response to questions put to him by Attorney Cochems he said that he was a farmer and lived in the town of Greenville; that he was a full citizen so far as he knew and a voter in the state of Wisconsin; that with the exception of Stephen Balliet he did not know any of the parties to the action; that there was nothing in his relations with Balliet to prevent him from rendering a fair and impartial verdict in the event that he was selected as a juror.

Mr. Nieman stated that he had read about the case and heard it talked about, but never paid much attention to it. He said from what he had read or what he had heard said about it that he had formed no opinion about the merits of the case either on one side or the other, and that he had never talked about it or discussed it. When asked if he knew George T. Prim, chief of police, a farmer named Albert West, Attorney Frank Grogan, Joseph Jansen and several other Kaukauna parties he answered in the negative. Of half a dozen or more Appleton men named John Conway was the only one with whom he was acquainted.

During the war Mr. Nieman acted as a collector for the Council of Defense in his home town. He had nothing to do with determining the amount of the quotas which were paid voluntarily. No effort was made to compel people to pay them.

In response to questions put to him by Attorney Martin, Mr. Nieman

stated that he was born in Germany and that he came to this country at the age of six months. He said he was not acquainted with Demi, but had heard and read about him.

Q. Do you know C. B. Ballard? Attorney Martin inquired. A. Yes, sir.

Q. How intimately acquainted with him are you? A. Meet him now and then.

Q. Have you been a supporter of him? A. Sometimes.

Q. How long have you been acquainted with him? A. I could not say for a number of years.

Q. Visited back and forth? A. When in town.

Q. Sit down and talk with him? A. I have.

Q. Ever talk about this case? No.

Q. Now, at the time that Mr. Demi was solicited by the committee to buy bonds when they claim some trouble occurred, you read about it in the papers? A. Yes, sir.

Q. What papers did you take at that time. A. The Crescent and also the German paper, the Volksfreund.

Q. Did you read Mr. Ballard's communication in both these papers, signed by him and expressing his views? A. Yes, sir.

Q. Did you read it carefully? A. Well, not all through.

Q. You had been in the business yourself of soliciting purchasers of liberty bonds? A. Yes, sir.

Q. Ballard lives how many miles from your place? A. About 11 or 12 miles.

Q. How far does Demi live from your place? A. I don't know.

Q. Are you a member of the American Society of Equity? A. Yes, sir, I attend meetings.

Q. They got your money? A. Yes, they got my money.

Q. Have you been asked to contribute anything to this suit of Demi's? A. No.

Q. You have known that the American Society of Equity raised money for this suit? A. No.

Q. Did you see the report of your society recently published? A. I didn't read it all.

Q. Did you attend any of the meetings of this society? A. Not for two years.

Q. Have you attended any meetings of the American Society of Equity? A. Yes, sir.

Q. Now in addition to what you have read, you have talked about this case in your own home town and in the city of Appleton? A. I have talked about it in our town, in the town hall.

Q. It was the subject of discussion in the town hall on several occasions? A. Yes, sir.

Q. Didn't you on several occasions express your opinion in the matter? A. No, never.

Q. Did you hear others express their opinions? A. I have.

Q. Didn't you form some opinion as to the merits from what you had heard and what you had read? A. No.

Q. Are you sure of that. A. No.

Q. I am not asking if you formed a judgment; I am asking you whether or not you didn't get some form, some opinion; whether your mind didn't lean over, as to the merits? A. I don't know.

Q. At the time we declared war were you in favor of it? A. Yes.

Q. Have you at any time felt that the war declared on Germany by the United States was unjust? A. No.

Mr. Cochems: I think that is a wasteful line of inquiry.

Mr. Martin: Did you at any time feel opposed to the United States making efforts to sell liberty bonds and utilizing the councils of defense and committees to go about the country soliciting subscribers? A. No.

Q. Did you approve of that method of doing any fault? A. No.

Q. You believe that was all right? A. Yes.

Q. Have you been conscious of any radical feeling existing in this county against the prosecution of the war, against subscribing for bonds, or against soliciting by committees to purchase bonds?

Mr. Cochems: I object to that question.

John Boldt was another juror who was interrogated at length as to his qualifications and was still being questioned at 5:45 o'clock when court adjourned until nine o'clock this morning. In reply to questions asked by Attorney Cochems he said that he lived in the town of Grand Chute and was a mason by trade. He was acquainted with Demi, Ballard and Balliet, but was not acquainted with Dr. O'Connor, Dr. Rector, and John Conway further than to know who they were. He did not recognize any of the attorneys. Further than having seen an item in the paper at the time he knew very little about the case and said that he knew of no reason why he could not, if selected as a juror in the case, render a fair and just verdict. During the war he acted on a committee of the Council of Defense and contributed his assistance the same as other citizens. He said that he never to his recollection had expressed an opinion about the case.

In response to questions put to him by Attorney Martin he said that he was born in Winnebago county and that he was 56 years old; that he had years and had never served on a jury; that he had seen Demi off and on but could not remember how long he had known him; that he had been acquainted with Mr. Ballard for twenty

PREDICT BIG BOOM IN
RAIL TRANSPORTATION

Chicago.—An unprecedented era of railway transportation was predicted today by delegates to the twenty-first annual convention of the national association of railway engineers which began a three day meeting here.

Discussion of problems relative to railway construction were the main topics scheduled.

IRISH QUESTION IS
INJECTED IN PEACE
TREATY DISCUSSION

RATIFICATION OF PACT MAY BE
DELAYED BY NEW QUESTIONS—WANT VOTE
THIS WEEK

Washington, D. C.—The senate today laid on the table the question of Irish independence, along with the whole question of self-determination for subject peoples.

By a vote of 54 to 21 the senate tabled a reservation to the treaty offered by Senator Owen, Oklahoma, stating that the United States understood that the British protectorate over Egypt would be ended. The reservation carried an amendment recognizing the Irish republic and stating that the United States understood that Great Britain would also recognize Irish independence and further amendments of the same import as to Korea, the Philippines, Porto Rico and Hawaii.

Washington, D. C.—Injection of the Irish question into the treaty debate in the senate may delay the vote on ratification.

The senate has before it an amendment to Senator Owen's resolution of Egypt recognizing the Irish republic and calling on England to grant Irish independence.

Lodge said today the Irish debate has upset all his plans. Efforts will be made today to shorten it as much as possible, for Lodge is determined to get the final vote this week, he said.

After Ireland, Egypt, and Korea are disposed of, there are many other reservations to be considered, but Lodge said he believes they will not consume much time. One upon which a great deal of talk is likely, however, was presented yesterday just before adjournment by Senator Lenroot, Wisconsin. It provides that "it shall be the declared policy of this government, that the freedom and peace of Europe being again threatened by any power or commission of powers, the United States will regard such a situation with grave concern, and will consider what action it will take at the premises."

John F. Kramer, "chief counsel" brought the instructions here. He said prohibition officers must work under instructions from the department of justice. In most localities that would mean under the instruction of federal district attorneys.

Chicago.—Important restrictions on prohibition enforcement officers were announced here today. Growing out of the troubles of Major A. V. Dalrymple in crushing the Michigan "rum rebellion" it was ordered from Washington that such officers cannot arrest suspects nor search suspected liquor caches without warrants.

NO REDUCTION IN
INCOME TAX FOR AT
LEAST TWO YEARS

SECRETARY OF TREASURY AS-
SERTS FEDERAL EXPENSES
WILL NOT PERMIT
REDUCTIONS

TAXES NEED REVISION

People are Not Aware of Danger in Present System, Secretary Houston Says—Makes Other Recommendations

Washington, D. C.—Federal income taxes cannot be reduced until after 1922, Secretary of the Treasury Houston today informed the house ways and means committee. He declared, however, that revision of several of the present federal taxes should be made and revenues adjusted to make up for the loss the government will sustain as a result of the supreme court decision that dividends paid in stock are non-taxable.

Excess profits taxes also cannot be reduced until 1922, the secretary wrote the committee.

The greatest need, Houston said, in a simplification of the income and profits taxes.

"Public opinion has not yet awoke to the gravity of the consequences which are likely to follow a failure to simplify the tax law at this legislative session," the secretary wrote.

Houston proposed that the present excess profits which are graduated from 20 to 40 per cent be changed and a flat tax on profits in excess of the distributed earnings substituted. He suggested that the rate of this flat tax be 25 per cent for 1921, 20 per cent for 1922, and 15 per cent for 1923, and stated it would raise virtually as much as the present excess profits taxes. It would be impracticable to make this new tax retroactive, Houston said.

Reduction in the income and profits taxes for the calendar year 1922 to be paid in 1923 must be very modest, Houston said.

The excess profits taxes should be simplified and then repealed as soon as government financial conditions warrant, Houston declared.

Other recommendations were: Simplification of liberty bond exemptions.

"Authority for the treasury department to make immediate settlement of claims made for over paid taxes. Five year limitation for the time in bringing claims for refunding of taxes."

Houston declared that "the essential thing is to simplify excess profits tax and grasp an opportune moment to remedy a deeply rooted defect in our system of income taxation, by providing for the just taxation of undistributed profits at a time when such taxation represents simplification and relief, not further complexity and heavier burdens."

Houston made no recommendation as to the modification of surtaxes, stating, however, that these levies off-ended, "greatly."

Houston, however, warned that the government could not long continue to collect surtaxes ranging as high as 65 per cent.

Regarding the loss of revenue from the stock dividend decision Houston wrote:

"This will be offset in several days and most of the experts of the department are of the opinion that the next refund because of the decision will amount to less than \$25,000,000."

Treaty Should
Not Be Issue
In Election

Bryan Asserts Peace Treaty and Prohibition Should be Kept Out of Next Campaign—Hopes for Ratification

By United Press Leased Wire

Washington, D. C.—The presidential campaign must be fought out on the big domestic issues of interest to all the people, but prohibition and the peace treaty should not be numbered among these issues, in the opinion of William Jennings Bryan, as indicated in an interview here today.

"Both parties will put prohibition planks in their platforms and nominate candidates pledged to enforcement of the law," Bryan declared. He asserted his appearance in Washington had nothing to do with the peace treaty situation but said:

"As a democrat, I am interested in seeing my party remain true to the principles of democracy and refuse to believe that any considerable number of democrats will join the irreconcilable opponents of the treaty to prevent ratification. Such a course is unthinkable and for the democrats to do such a thing would be an unspeakable disgrace forever afterwards."

"It must be ratified," he insisted. "It must be ratified no matter what senators may think of the reservations that have been adopted nearly all more than a two thirds vote."

HOOVER'S LETTER
TO THE PRESIDENT
STARTS DISCUSSION

MORE RELATING TO THE PEACE
TREATY IS MADE PUBLIC—
PUBLICATION IS CON-
SIDERED

By United Press Leased Wire

Washington.—Publication of a letter written by Herbert Hoover to President Wilson last April created widespread discussion among senators today as treaty debate entered upon what they believe to be its final stages.

Hoover in the letter warned Wilson that the United States should stay out of the various commissions set up in the treaty. Only by following this course, Hoover said, could the nation perform its part in converting the league of nations into a strong world court. He also predicted further revolution in Europe.

Senators today were generally slow in offering formal comment on Hoover's stand.

Charges His Mind

New York.—Herbert Hoover, in a statement here this afternoon, characterized publication of a memorandum he prepared during the peace conference, in which he warned against American participation in various international commissions as "a breach of good taste."

The views expressed in the memorandum "were later modified as to the particular of our having a representative on the reparations commission itself because of the large economic control finally given to it over a great part of Europe and the complete necessity for the United States to be represented there at once in order to protect American interests."

"Regardless of any personal point of view in this matter, there is to be nothing that is such a breach of good taste, or the very foundation of relations among government officials as for them to issue to the press correspondence that may have passed between them and their superiors in the course of their service, without approval on both sides. I am informed it was not issued from the White House. It is scarcely necessary for me to say it was not released by me, and that a searching inquiry in my office satisfies me that it has not come from my staff."

Hoover said that the memorandum was not issued from the White House. It is scarcely necessary for me to say it was not released by me, and that a searching inquiry in my office satisfies me that it has not come from my staff."

CONSTITUTION OR REVOLUTION TO BE ADDRESS SUBJECT

FORMER GOVERNOR WILLIS OF
OHIO WILL PREACH AMER-
ICANISM AT BANQUET
HERE FRIDAY

"Constitution or Revolution" is the keynote of the message that former governor Frank B. Willis of Ohio will bring to an audience here Friday evening of this week. Invitations have been issued for a banquet to be held at six o'clock at the Y. M. C. A., at which the governor will be the honored guest.

The dinner is one of 2,500 planned for Wisconsin to thwart disorder and unrest by stimulating reverence for and devotion to the principles of the

American constitution. At the request of the Citizens Council for Constitutional Order, Governor Willis is presenting this discussion of the cause and cure for the present unrest. W. J. Weldon of Milwaukee is state chairman of the council, John Gerlings is vice chairman and J. T. Phillips also of Milwaukee is state secretary.

Judson G. Rosebush heads the local committee. Other members are E. J. Harwood, W. W. Notzke, Dr. M. J. Sandborn, P. G. W. Keller, H. G. Sackler, T. H. Ryan, G. E. Buchanan, Dr. Samuel Plantz, Frank Saiberlich, Dr. D. C. Kinsman, A. R. Eads, and I. B. Frame, secretary.

Several hundred meetings have been held in the state during the last few months in large cities and in country crossroad school houses, and the result is said to be a genuine revival of Americanism. It is expected that the governor will present evidence to show that orderly liberty and even our government itself is seriously menaced at the present time, and that the documents he will present here will astound those who hear him—documents that are being openly and extensively distributed in Wisconsin. Representative people from all organizations and lines of industry are included in the list of those asked to the banquet.

By special arrangement the community lecture course number planned for Friday evening in which Katherine Ridgeway will appear, will start at 8:30 o'clock, so that the two events will not conflict. The Willis banquet will be over at eight o'clock sharp.

NO DISEASE GERMS IN WATER SERVED BY CITY'S PLANT

SYSTEM OF FILTRATION EM-
PLOYED HERE ASSURES PURE
WATER SUPPLY, RE-
PORT SHOWS

Efficiency of Appleton's municipally owned water plant is well illustrated in the report of A. J. Hall, chemist and bacteriologist, to the Water Commission in which he stated that during the month of February all his tests proved conclusively that all disease producing germs were removed from water furnished the city. The report

RUMMAGE SALE Presbyterian Church Basement Saturday, 9 A. M.

stated that raw water entering the plant contained B. Coli, which means a disease producing germ from insects of the time, while the water delivered to the city was free of those germs in all the tests which are made, not only at the plant, but in many parts of the city.

The report showed that 1,510,000 gallons of water were treated daily with sulphate of alumina and that 358 pounds of the material were used every day. Only 4.1 pounds of liquid chlorine were used a day, according to the report.

Mr. Hall's report makes the following interesting assertions: 44,740,000 gallons of water were treated with sulphate of alumina. 10,400 pounds sulphate of alumina were used.

114 pounds liquid chlorine were used to disinfect the filtered water. 2,000,000 gallons of water were used

WAVERLY LODGE NO. 51, F. & A. M.

Special communication tonight. Visit of
Grand Lecturer.

to wash filters, or 4.5% of total water filtered.

1,540,000 gallons of water were treated daily with sulphate of alumina.

358 pounds sulphate of alumina were used on an average daily.

4.1 pounds liquid chlorine were used on an average daily to disinfect the filtered water.

67,000 gallons of water were used on an average daily to wash filters.

The raw water was treated with an average dose of 1.6 grains per gallon of sulphate of alumina.

The filtered water was disinfected with an average dose of .32 parts per million liquid chlorine.

The average color of the raw water was 50 parts per million.

The average color of the treated water was 5 parts per million.

The raw water entering the plant contained an average of 442 bacteria per 1 C. C. (20 drops) on agar (the test) at 22 C. (temperature), while the water delivered to the city contained an average of 7 per C. C.

The raw water entering the plant contained B. Coli (group of disease producing germs from digestive tract of man or animal) 100 per cent of the time in one C. C. sample, while the water delivered to the city was free from B. Coli 100 per cent of the time.

The four filter units were sterilized on the 5th and 20th day of the month.

A. J. Hall,
Chemist & Bacteriologist.

MEASURE GUARDSMEN FOR NEW UNIFORMS

Measurements for uniforms were taken at the weekly drill meeting of the Appleton company of the Wisconsin National Guard at the army Monday evening. Uniforms and other equipment will arrive shortly after federal recognition is received, which is expected in a few days.

Walsh and Versteegen, claimants of the city pocket billiard championship, have accepted a challenge from Palmer and Skall. The match will be played at the Arcade, at 8:15 o'clock Friday evening, for a purse.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says: "Take for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Appleton Post-Crescent. Large and medium size bottles for sale at all drug stores.

SIX APPLETON MEN ON WRECKED TRAIN

ONLY ONE APPLETON PERSON
IS INJURED—SIGNS OF THE
WRECKAGE ARE DIS-
APPEARING

Six Appleton people were on the passenger train No. 116 which was wrecked between Oshkosh and Fond du Lac Monday afternoon, according to information from Oshkosh this morning. Of these six only one was injured. He is Jack Leisl, who suffered a scalp wound and was taken to St. Mary hospital. His injuries are not serious.

Other Appleton people on the train were S. W. Murphy, R. W. Klotzsch, Phil S. Dickinson, William Hussey and Otto Eichman. The latter two were switchmen on the train.

The most seriously injured of the passengers was Reid Murray of Oshkosh. He received many bruises on his body and may be internally injured.

Train service has been resumed today and trains are running on normal schedule. The wreckage is rapidly being removed from the track and all signs of the accident will have disappeared within a few days.

The track has been temporarily repaired and the roadbed will be built up again as soon as possible. Many of the heavy rails were bent and twisted so badly that they cannot be used again.

Wild rumors concerning the accident were prevalent in Appleton yesterday. One was to the effect that 209 people were taken to hospitals and that several were at St. Elizabeth hospital. Others were that several people were killed and that a number of Appleton people were among the injured. They were all disproved as rapidly as they came to attention of railroad officials.

CITY CHEMIST WILL TEST WATER FROM ALL PRIVATE WELLS

WATER COMMISSION TAKES PRE-
CAUTIONS AGAINST SPREAD-
ING OF DISEASE BY
WATER

All private wells in Appleton will undergo bacteriological tests again this summer by the city chemist, it was decided by the Appleton Water Commission at its meeting yesterday afternoon at the city hall. Because of the contrast between the quantity of bacteria in well water and city water, it is the intention to guard against contaminated water by means of the testing process. In last year's tests it was found that the city water had a surprisingly low percentage as compared to that in well water.

The report of the chemist on the bacteriology of the city water was read and filed at the meeting, and the chemist was instructed to file monthly reports on water purification hereafter.

Officials of the department were authorized to advertise for bids on a new "booster" pump to be installed at the pumping station. This is to a duplicate of the one now in use to raise the water from the level of the intake to that of the filtration tanks, and is to be installed as a protection against the possible crippling of the present pump. Bids will also be received for trenching for water mains. There are quite a number to be laid this summer and work will start as soon as the weather permits.

REINHARDT RAHR PERMITS NEW MANITOWOC BANK

Manitowoc.—Reinhardt Rahr was

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

lected president of the State Bank of Janitowoc, recently organized, at a meeting of stockholders. Mr. Rahr is a member of the William Rahr Sons company and of the Cereal Products company. Daniel C. Blezer was named vice president. Prescott Moore of Dodge City, Ia., has been chosen cashier of the new bank. Mr. Moore is a Wisconsin man. He is former president of the First National bank of Dodge City and recently was a bank examiner. The state bank will not be opened for a few months, owing to remodeling of the building. The city's new banking institution has two hundred stockholders.

Soap Bought Now Means Money Saved

THERE are two ways right now to save money buying soap. One is that prices for soaps are very liable to advance. Thus you save. The second way to save is to buy quantities of soap—a dozen bars or more—then let it dry out and harden. It goes further, lasts longer and does even better work.

All use soap—hence here is a chance to save on a staple article. A real saving like this by intelligent buying means a lot these days. We hope we will have enough soap to supply all. So protect yourself at once against advancing prices and buy in dozens—then each bar will last longer and go further.

Special Prices on Dozen Bar Purchases

Fairness

We have been asked why we tell people how to buy soap so it will last longer and go further. Some friends have said "people won't buy so often." But we think it's only fair to show people how to economize—how to get the most for their money. And this store is always fair. That's why we can say, "Satisfaction Guaranteed on all Purchases." Now, a year from now, any time, every time you must be satisfied with purchases here.

CHANDLER SIX Famous For Its Marvelous Motor

Chandler Leads Because of Its Real Worth

IT is easy to boast and make claims and to so magnify mere incidents that they may appear as mighty events. It is easy to paint in the colors of exaggeration.

Chandler advertising has never carried boasts or unfounded assertions to the public. It has never extolled some single performance as final evidence of superiority.

The Chandler Six is so distinctly the leader among medium-priced high-grade cars because of its own worthiness, which for sales purposes does not need the support of exaggeration.

Chandler worthiness comes primarily, of course, from its great chassis, light, strong and enduring, featured by the famous Chandler motor developed throughout seven years of constant manufacture with no change of type of design, but with refinements and developments which have kept it long strides ahead of any other six.

This isn't a claim. It's a fact, and over sixty thousand Chandler owners would tell you so if you could ask them.

Six handsome bodies, splendidly built and finished, are mounted on the one standard Chandler chassis.

Other cars of some similarity are listed at hundreds of dollars more

SCHOBER TWISTS JAP'S TOES AND WINS EXCITING WRESTLING BOUT

Middleweight Champ Takes First Fall on Foul — Oriental and Schober Both Use Toe Hold to Advantage

Billy Schober, Indianapolis, de- feated Matty Matsuda, Jap champion, in two out of three falls in a finish match at the armory Tuesday night before a crowd of more than 1,000 people. Schober won the first bout on a foul in 57 minutes but the Jap evened up matters in 18 minutes with a double toe hold. After suffer- ing excruciating pain for seven minutes, the Jap gave up the third bout and match to Schober in seven- teen minutes. "Billy" had a double toe hold that Matsuda tried desper- ately to break, but after being hope- lessly tangled up in his feet for sev- en minutes, the pain became too great, and the Oriental, lying on his stomach, acknowledged defeat.

Too much credit cannot be given Matsuda for his wonderful showing and the courage he displayed. Hand- icapped thru losing the first fall on a foul, he evened things up only to

fall into the same trap which he him- self had so artfully sprung a few moments before.

The bout was unquestionably the best ever staged in Appleton. The grapplers at times showed speed that was almost a revelation. The Jap is a better mixer with his feet than most grapplers are with their hands, and he kept even the veteran Schober guessing.

The Jap's feet got him into trouble in the first bout and lost him the fall. After fifty-seven minutes of fast hand snappy work, Schober clamped a toe hold that looked of little danger. Matsuda kicked loose, his foot catching Schober in the jaw and damping the champion. Schober was knocked back to a corner of the ring by the blow, and unresisting was pinned by Matsuda. Gloude- mans, who was refereeing the bouts in the absence of W. L. Rhodes, Green Bay, gave Schober the first fall on a foul.

The men started slowly. The Jap followed Schober around the ring. He looked awkward as he started but used his speed to wonderful advan- tage when the opportunity present- ed. Matsuda grabbed the first hold, a headlock, but Schober broke away quickly. The Jap and Schober both appeared smiling and confident, each was waiting his opponent out. There were flashes of quick footwork, at which the Jap excelled. Both men were securing good holds, but lost them quickly. Schober pulled on Matsuda's shoe, and time out was taken. Schober got his first real hold, a head scissors, but the Jap rolled out with comparative ease af- ter a little preliminary wiggling. Schober again had the Jap in had with a bar and half nelson, but failed to keep the yellow peril down. With forty-five minutes gone, the grapplers went at it with additional pep. Schober clamped on a toe hold, from which the Jap broke loose. Schober secured the same hold short- ly after, and the Jap kicked loose. Schober got the blow directly on the jaw and was badly dazed. Gloude- mans gave Schober the foul.

The second bout was short and snappy. The Jap went after Billy in all seriousness and his confident smile had disappeared. Once he let drive with his foot at Schober's leg, at the same time demanding of Gloude- mans, "Is that a foul too?" Both men got scissors holds. Schober hung on, which proved his undo- ing. The Jap grabbed up both feet, and with the aid of a little pounding soon forced Schober to the mat. The time was eighteen minutes.

The final bout lasted only seven- teen minutes, the last seven of which found Matsuda on his stomach help- less and the smiling Schober invent- ing some new and original method of toe twisting. Both men again start- ed for toe holds, but neither could hold on. The Jap secured a head scissors, but Schober broke loose, and worked into a double toe hold. Every second brought additional pain to the Jap, who writhed in agony as Schober sat calmly twisting toes in every conceivable direction. With his strength gone the Jap resorted to his last hope, to get outside of the ropes. Slowly he pulled from the center, but with only a few feet to go, Schober pulled him back into the center of the ring. The Jap stuck, but he was helpless and nodded to Gloude- mans in token of surrender.

He sat immovable for several min- utes after the match was over. He was helped out of the ring, scarcely able to walk.

Louis Kottenhoven, Appleton, lost two straight falls to Tony Kruscin- ski, Beaver Dam, in eight and six minutes. Both falls came after a body scissors and half nelson. The visiting grappler outweighed Kotten- hoven by ten pounds.

Ches Johnson, and Walter Kotten- hoven, two ten year old youngsters, mixed fiercely for four minutes in the opening match when Ches quit.

ST. JOSEPH GIRLS' TEAM DEFEATED BY KAUKAUNA

Despite good team work and per- sistent playing, the eighth grade girls' basketball team of St. Joseph school was defeated by the Holy Cross team of Kaukauna by a score of 7 to 2. The visitors had the advantage in both height and weight. The local line- up was as follows: Adella Ruberz, center; Dorothy Verrier and Adeline Riedl, guards; Dorothy Kempfert and Margaret Rammer, forwards; Bernice Schommish and Melty Boehler, subs.

PLAY FINALS IN FIRST WARD TOURNEY TOMORROW

A basket ball tournament at the First Ward school last week in which teams representing grades four to seven participated was won by the 7B team of which Lawrence Bohon is captain. The first game was between the 4A team, Orville Strutz captain, and the 5B team, Kenneth Bushey captain and was won by the latter. Bushey's team, then played the 3A team, Howard Martin, captain, and again won, this time by a score of 1 to 0. Then Bushey's team tackled the 6A team, Flan Kain captain, and was defeated by a score of 10 to 2. The final game was between Kain's team and the 7b, in which the latter won, 15 to 6.

On Thursday evening the battle for the championship will be fought by the teams of the 7b, 7a, 5b, and 8a classes.

ATHLETICS WIN FROM MENASHA HIGH SCHOOL

The Appleton Athletics baseball team defeated the Menasha High at Cook Armory, Neenah, last evening, 20 to 9. The first half ended 7 to 4 in favor of Menasha, but the Athletics came back strong in the second half. For the Athletics, Plotow and Basing did the best work, while Hahn starred for Menasha.

FRENCH BANTAMWEIGHT KNOCKS OUT AMERICAN

By United Press Licensed Wire
Paris—Charley Ledoux, bantam- weight champion of Europe, knocked out Johnny Coulton, former American titleholder, in the sixth round. Coulton made a poor showing. He was knocked down three times in the second round and was able to continue only on sheer gameness.

BEAVER DAM WRESTLER WANTS TO MEET SCHOBER

Hennie Schack, Beaver Dam wrest-

ler, was here to witness the Schober- Matsuda bout at the armory last night. Schack challenged the winner and the match will probably be staged at Beaver Dam in a few weeks.

Schack is fast, forging to the front among the middle-weights, and while in the army, not and defeated all comers.

A COMPROMISE THAT MAY NOT SUCCEED.

The Lodge substitute for the original reservation to article X is an improvement, but it is neither as frank nor as desirable a compromise as that proposed by Mr. Taft. There is in the Lodge substitute an implied recognition of moral obligations under the article, whereas in the original there was a repudiation of moral as well as legal responsibility. That was a distinct amendment of the treaty which amounted to renunciation of article X. Senator Lodge endeavors to meet the objections raised against his original reservation by so re-wording it as to infer moral obligations, and yet to confine the inference to the twilight zone of interpretation.

Mr. Taft's compromise, which the senate rejected without giving it serious consideration, drew a clear distinction between moral and legal responsibilities. It accepted the former and specifically rejected the latter, except as they might be undertaken by action of the congress. In other words Mr. Taft sought to preserve the force and effect of an international understanding against wars of conquest, safeguarded with proper restrictions upon and reservations to our course of action in any given case. That, it seems to us, offers a fair adjustment of the differences between those who favor the treaty as it stands, and those who demand exemption of the United States from any obligations under article X. Moreover, it embodied a definite statement of position, whereas the Lodge substitute is indefinite.

It is understood that President Wilson will not accept ratification based upon the Lodge substitute, which means that even if the treaty is ratified with the reservations it now carries it will be pocketed. Although the president's attitude toward the Taft compromise has not been disclosed, there is no question but what it would have had a better chance for acceptance by Mr. Wilson. We believe the people of the United States are perfectly willing to assume the obligations of article X in a moral sense. We believe that they are committed to the doctrine that world conquest must cease and that nations shall have regard for the sovereignty and territorial integrity of other nations. We believe that they are ready to support a program which is morally certain to prevent a recurrence of another great war like that which ravaged Europe and threatened all humanity. We believe that is one of the chief things they fought for, and that had not the overthrow of autocracy and of the system of conquest and aggression upon which it relied for its power and existence been an issue their support of the allied cause would not have been fired with the enthusiasm and determination that marked both our entrance and participation in the war.

There is no question in our minds but what the people want to make impossible a repetition of the situation which forced them into that struggle and we believe their judgment is that organization against it is the best insurance that we shall never be troubled that way again. In other words, it is our opinion that moral acquiescence in the responsibilities of article X can be safely given and that it is demanded both as a matter of principle and of conscience. The treaty might have failed with such a definition of our position, but it was less likely to than with things as they now stand.

COTTON PROFITS.

The senate committee investigating the high cost of living has been getting entertainment coupled with interesting figures. For example, E. A. Calvin, who is representing in Washington the common, garden variety of cotton growers, walked in on the committee the other day lugging a pair of scales and a neatly packed store bundle. Said Calvin:

On my way down I dropped into a store and bought six yards of gingham. Paid 75 cents a yard, or \$4.50. Let's weigh this gingham.

The scales were set up on the committee table and the six yards of gingham

were found to weigh precisely 15 ounces. Commenting, the witness said:

The average price of cotton last year was 27 cents a pound. Therefore, the southern farmer who grew this gingham in my hand received 25½ cents for the 15 ounces in it. Somebody else got the remaining \$4.24½. Who? Why? I will now remove from this bundle two pairs of men's cotton stockings and place them on the scales. Thus, Ha! Two and one-half ounces. At 27 cents a pound the farmer received 4½ cents for the cotton in these two pairs of socks. Sirs, I paid 80 cents for them. Here's a cotton handkerchief I bought up town for 25 cents. Our scales show that it weighs a little less than an ounce. At 27 cents a pound the farmer got less than 1½ cents for the cotton in this handkerchief.

The committee dug up lead pencils and began to do a little arithmetic. The figures showed that the price of Calvin's gingham was multiplied by 18 between the farmer who grew it and the consumer. The handkerchief was multiplied about 17 times and the socks by 17.

KILLING OLD TYPHOID.

Control of typhoid fever has reached such a satisfactory point that the elimination of the disease from these United States is indicated.

Since the opening of this century one city after another has taken up the attack on typhoid, until now there is no city of consequence which is not working against it through the water supply and by means of sanitation. For several years past the Journal of the American Medical Association has presented an annual survey of typhoid mortality to the physicians of the country. The survey for 1919 is now announced, and the figures are significant.

The honors go to the city of Chicago, New York, Boston and Cleveland, in order. The average deaths from typhoid per 100,000 population for the period 1905-10 in Chicago were 15.8; in 1919 the average was 1.2. In New York, 1905-10, average deaths per 100,000 were 13.5; in 1919 the record stood 2. Boston reduced the mortality from 16 to 2.2 in 1919. Cleveland reduced from 15.7 to 2.4 in 1919.

There are other cities where the mortalities are as low or even lower—for example, Spokane, without a single death—but the other cities have very large populations, with great numbers coming in and going out every day, making control of any disease difficult.

In Chicago the value of the engineering work of turning sewage away from Lake Michigan is beginning to tell. The drinking water of Chicago is today exceptionally pure. In Cleveland the results are mostly due to water filtration and liberal use of chloride of lime.

There are some interesting exhibits from other cities. Ten years ago the average typhoid mortality in Columbus, O., per 100,000 was 40. In 1919 it was 3. Louisville, Ky., was 52.7; now 11.2. Pittsburgh was 65, but Pittsburgh has cleaned it down to 6.2. Scranton, Pa., was 31.5, but is now next to Chicago with only 1.3. The worst place in 1919 was Memphis with 58.4, an increase of 23.1 over ten years ago.

When we compare this situation with the wholesale taking of human life in typhoid scourges of only a few years ago, we gain an impressive understanding of the great progress which science, sanitation and public concern for health have made in the national fight against disease and disease epidemics.

Today's Poem

EDMUND VANCE COOKE

KNOWLEDGE
 "O, see what it is hangs over your head."
 Cried Eve, "It's in easy reach."
 But Adam looked at her lips and said,
 "It's a pipin, but you're a peach."

"I'm a Maiden Blush, when you eye me so.
 For your look's almost a stab.
 But unless you eat, I shall think, you know,
 You're really a bit of a crab."

"It's a summer fruit," said the tempting Eve.
 "So bite into it once, that's all."
 "After you," said Adam, "although I believe
 It looks like an early Fall."

Then befell the curse which destroyed his bliss.
 The curse which the Apple carried,
 For the knowledge the Tree bestowed was this:
 He realized he was married!

GERMAN BIRTH RATE RECOVERING
 Berlin.—The birth-rate is making a rapid recovery throughout Germany, according to statistics just gathered here. In most sections of the country, the number of births per month is now double that of a year ago, when the lowest point in the curve of vital statistics was reached. Complete statistics are available for about half of the city of Berlin, and these show an average weekly birth-rate at the present of about 500. A year ago the figures for the same districts showed a weekly average of 410.

The Potash Syndicate of Germany has booked American orders amounting to \$50,000,000 for potash, with delivery extended over a number of years.

Mark Sheldon, high commissioner in the United States for Australia, says Australia has a population of 5,000,000, but that work can be obtained "over night" for 10,000,000 more.

Confessions of a Bride

(Copyright, 1920, by The Newspaper Enterprise Association.)

The Modern Girl is Almost Too Sophisticated, She Has to Be

As we neared home, my mind turned to dear Mother Lorimer. She had been distinctly out of all the adventures of the Lorimer family for several months. Her only share had been the big worries we had heaped upon her. Finally they had all culminated in the grief which only widows know. Thus does life treat many old women and not even her vast riches could save Mother Lorimer from the common lot of her sex.

But somehow I couldn't feel altogether sorry for Mother Lorimer except as she mourned for Daddy. I knew that her days had been crammed with joyful experiences while we were gone. There was the sweet Baby Babbs to be cared for and played with; there were lectures and concerts and plays; and pleasant people to meet; and always books—and more books.

Mother Lorimer could never be unhappy because her mind was stocked with such a variety of interests. By nature she was unresourceful and adaptable. She "fitted in" any group of persons. She never bored anybody. There were no empty moments in her life.

Looking over the smartly dressed women on the train, I couldn't help wondering what would become of them all when they should grow old. It seemed to me that most of them were going to be rather unhappy. They had no resources, like Mother Lorimer. They had given their minds to but one subject—how to be beautiful. Their success in that was the measure of their sex value—their market value in marriage. I knew that lots of them would have resented the idea, but the fact remained, just the same. One could tell by their cosmetics and clothes. Everybody realizes that the modern girl is almost too sophisticated. She has to be or she would not get a husband. The competition for husbands has been so great.

As long as a woman's beauty lasts, her attraction for her husband will endure. But that attraction may end some day. Perhaps her man may die in middle age. And when time has withered an ordinary woman—what is there left for her?

Indifference to old women has actually left its mark on the screen and the drama. Old wives have disappeared from the films, except when required in some mothering part. And when an old man in a play happens to be married, the wife is invariably his second venture, and of the same and pretty variety. That is what the audience demands. But off stage, women continue to grow old.

As I meditated, it seemed to me that a new and strange variety of "old woman" was on the way, such a variety—without resources or compensations—as had never been known on the earth. Even industry had no place for them. Formerly, a grandmother could tend to the fires and make the children's blouses. But now the janitor watches the coals, and the clothes are made in the shops.

The reward for cramming her brain and her heart with interests, as Mother Lorimer had done, must give any woman a vast amount of genuine satisfaction at the end of her life. I thought. But the result of that learning nature, as many childless women do for the sake of keeping their own beauty, means utter wretchedness in old age.

Mother Lorimer greeted us with the bravery we expected to find. That is, she did not shed a single tear. Her sons liked her that way, and she knew it, but I felt that she would have to pay for her admirable poise in the stillness of her own chamber.

"We don't give up hope, you know Mother," said Bob. "Jim and I are going back, now that we've handed the girls over to you and have seen and talked with you."

And going back would be so futile, I thought. And it means that I have got to stay in the big house with Mother and Chrys when I am simply used to get back to my own little home, simply man to do up housekeeping with Bob again.

Again? Come to think of it, this is going to be our third honeymoon!

(To Be Continued)

Easy Matter Nabbing Moonshiners

Covington, Ky. Moonshining in Kentucky is far different from the swashbuckling, romantic, feud-like, pictures seen in the movies or described in popular fiction.

That is what John W. Menzies says about it. And Menzies ought to know as much about moonshining as anybody else. He is clerk of the federal court of the eastern district of Kentucky and listens to scores of such cases in any session of the six courts in his district.

Seldom do the "revenuers" and the mountaineers engage in spectacular rifle battles—so popular a generation ago, Menzies said. When a United States Marshal wants a "moonshiner" to appear in court to answer a charge he frequently goes to the phone and says something like this:

"Hello, Bill. The judge wants to see you at 9 o'clock tomorrow."

And Bill usually shows up.

There is plenty of moonshining going on now in the hills of eastern Kentucky, according to government reports. War-time prohibition got it started anew, and now constitutional ardness has boosted the movement along. But the "whisky" makers are amateurs, who not only are easily caught but who produce a brand of drink that is poisonous even to the metal-lined stomachs of the mountaineers themselves.

"Who Shot" is the newest brand of moonshine liquor made. It has recently been added to the famous old "Mountain Dew" and "White Lightning." It is made from a recipe that includes potato peelings and practically everything else in the mountains that will produce alcohol. And it is said to be "mighty powerful."

Prices of the brews have advanced, like everything else. A gallon that used to bring 75 cents to \$1.50 now brings \$12 to \$15.

Menzies said an average "run" of a "still" is from 9 to 12 gallons, and there is usually about a gallon for each person at a "still party." They drink all they can from the "worm" and then carry the rest away in crock jars.

FRENCH ASSIST GRAVE VISITORS

Paris.—Arrangements are being rapidly perfected in Paris for assisting Americans who will come to France this year to visit the graves of their soldier dead in the battlefield cemeteries. For six months, the American Red Cross has been conducting a central information bureau here where are handled all inquiries from war grave visitors, and these are assisted in arranging their itineraries to the cemeteries in the devastated region.

The success of the information bureau has been such that the French government proposes to supplement it by the establishment of a central office which will provide hotel rooms and railway tickets. The central office will have a branch in every railroad station, and English-speaking clerks will be on duty to inform strangers arriving in the city as to where they can find the rooms and accommodations they require.

Several schemes are on foot in Paris for the erection of large new hotels, and at least one of these will be operated on American plans, with an American staff. A British syndicate is also arranging to erect an all-British hotel of 2,000 rooms, the largest hotel in France.

TWENTY-FIVE YEARS AGO

Wednesday, March 20, 1895.

H. J. Ingold left for Chicago to attend grand opera.

Judge Baldwin took a train for the north on a business trip.

The loss on William Hurlbut's residence in the Fourth ward by a recent fire was adjusted at \$420.

Advices from Mt. Clemens, Mich., were to the effect that Dr. William Connerford was able to discard his crutches after taking two baths.

The junior exhibition of Lawrence college was held the night previous. The speakers were Edward James, Ironwood; Gunlaf Guntherensen, Neenah; Ira M. Allen, Waupun; Eunice Trever, A. A. Trever and Grace Barrett, Appleton.

William Wenzel was being mentioned as a candidate for the nomination of alderman in the Fourth ward on the Republican ticket.

An operation for appendicitis was performed upon Joe Rossmessl, ten year old son of Joseph Rossmessl, by Dr. Reilly, assisted by Drs. Ritchie and Winslow.

Mrs. Levy, sister of Jacob and David Hammel, died at her home in Albany, N. Y., the day previous at the age of 61 years.

The talk of a new depot at Appleton Junction was being revived and there was every indication that one would be built during the summer.

City treasurer Kutler completed his tax returns, which were: Real estate, \$10,344.08; personal property, \$186.38; total, \$10,530.46.

H. G. Freeman presented Lawrence university with a sketch in water color representing the original proposed design for the buildings to comprise all the departments of Lawrence university. It bore the date of 1843, and was formerly in the possession of Reeder Smith.

THE PASSER BY

True wit is nature to advantage dressed.
 What oft was thot, but n'er so well expressed.

TO A DULL GRAY DAY

O dreary day of black and gray,
 The sun upon you throws no ray,
 You fetter winter time's decay,
 Our cold complaints soon to allay.

I write because I love you? Nay,
 Because you herald seasons gay,
 Because the chilling winds you slay,
 And deck the earth in green array.

O necessary evil, pray
 Did us farewell; be on your way:
 We want the fragrant peach tree spray,
 The grazing sheep, the lambs at play.

The robins, meadow lark and jay,
 But bide the passing of your stay;
 O saddest day, do not delay
 But speed the time to fruitful May.

Your somber monotone display,
 No inspiration, holds—away!
 For though to you I pen this lay,
 I scarcely know a word to say.

Or Virginia's Norfolk?
 J. T. G.: Replying to your inquiry I am moved to suggest that Delaware Michigan's Mackinaw.

E. W. W.

If any aspiring Liza had been desirous of rehearsing she could have obtained plenty of practice crossing the ice by negotiating any of the down town street intersections last week.

If any prominent visitor should come to town these days and be escorted on a trip through the city the reception committee would be so busy apologizing for the condition of the streets it would completely forget to dwell upon our remarkable manufacturing activities.

Kalendarium of John Evelyn, Jr.
 28 Feb. The day had been Saturday and with good resolve sincere doth I conclude mine stinte, the week, and hence home for a walk with mine dog, and she o'erjoy'd, yet was it cold and soon returneth we and to prepare the even meal and right bravely. Doth I prepare also for scrivening, yet the flesh is weak and when cometh a call by telephone-wire to join a merrie partie at cards I had ne'er courage to refuse, and so goeth the night away.

29. Lay late, and worn moreover, & at noon comes Mr. Mapes and we did prepare din'r, and not bad me thought, andthence to the city at this & that till dark.

1 Mar. And the day does not ent'r as doth the lion of fame, but more middle and an I pleas'd. Comes by post a letter from mine wife who had not reached her destination, yet stateth the grass had been green and cattle are grazing in the fields, and is the air sweet and warme. And she relateth moreover than mine sonn had made the tripp with ne'er a cry, for which he deserveth credit, as infants in travel are not of patience blest'd. In the even to see two famous persons of the cinema &c.

2. We're with toil do I proceed home in the early even, and yet do I intend to ply at mine trade, yet overcome with sleepiness and to-bed while the night is young, and thankful. Talk had ben of New Jersey state deserv'ng ye government in re the matter of alcoholic beverages, and will I watch the outcome with interest.

3. More talk of the liquor question and is a revenue officer thus arrested for having, and serving the stuff, and a bad example forsooth, forasmuch doth it indicate an hypocrisy everyone would maintain, yet few so desir'eth. Comes the post from mine wife who sayeth she is well and in fine fettle and doth mine sonn gain 4 teeth in three days with no complaint, and do I marvel at his fortitude at this dental eruption. In the even to the playhouse with Mr. A. Gorney where I heard melody of good sort, yet did I eat, and alone in the city a thing despis'd.

The weather remaineth warme and this had been a day of ballot casting.

It looks like a warm spring, doesn't it? First call for Mr. Noah.

Health Talks

By WILLIAM BRADY M.D.
NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

The High Cost of Sickness—II.

Something on the Chest.

The Bunkerlike Mrs. Miller had rubbed on the baby's chest is a mixture of mustard and grease. One would think any woman would be able enough to prepare mustard paste at home. If such counter-irritation were required.

But a sick baby, a sick child, does not require nor tolerate such severe remedies. Mustard or other blistering agents have no place in the home treatment of sick children. Parents who inflict such harsh treatment on children betray a strange lack of feeling.

It had blistered the Miller baby's chest, although the stuff was "guaranteed not to blister."

Some people assert that if you will mix in a little white of egg or lard or vaseline or whatnot with your mustard paste the paste won't blister. Stuff and nonsense. If a mustard paste is worth a tinker's mound of sard, it should blister—if left on the skin long enough. But there is no advantage in blistering with mustard. The paste should be watched, or rather the skin under it should be inspected every five minutes, and as soon as the skin is well reddened the mustard should be removed, for it has done all the good it is going to do.

To make a mustard paste mix a tablespoonful of mustard flour with four tablespoonfuls of wheat flour and enough tepid water to make a sticky paste. Spread this evenly upon a piece of waxed or brown paper perhaps eight inches square. Over it lay a piece of muslin or cheesecloth, folding the edge of the cloth under the paper and stitching in place. Warm the paste comfortably over the fire and apply it with the cloth next the skin.

For young children, instead of mus-

tard as an external application, use camphorated oil. Prepare this yourself. Dissolve all the coarsely crumbled gum camphor the warm oil will take up, and always keep the bottle tightly corked when not using it, lest the camphor volatilize away. Either sweet oil (sweet almond oil) or olive oil may be used. Rub this gently on the chest, throat, bridge of nose, night and morning. For any illness that produces cough, I can assure mothers that it will accomplish all that any so-called croup or cold remedy can accomplish as an external application.

QUESTIONS AND ANSWERS.

Scalloped Enlarged Pores.

Will you please give a good prescription for enlarged pores on the face? Also a good skin food to apply when retting. (C. M. S.)

ANSWER—Use this lotion for the enlarged sebaceous gland ducts (whose openings give the appearance of "enlarged pores"):

1. Sublimed sulphur.
2. Alcohol.
3. Compound Tincture of Lavender.
4. Glycerine.
5. Camphor water.

Mix equal quantities of each of the five ingredients (if alcohol not available double the amount of lavender). Shake well and dab on at night.

As a very good skin food to apply at night, I would suggest two apples, a pint of milk, and a slice of graham bread and butter and sugar on, applied internally. Of course no external application can "feed" or nourish the skin or any other tissue.

Stomach Ulcers.

Can ulcer of the stomach be cured without an operation? (E. P.)

ANSWER—In about half of the recent cases cure may be obtained through a sojourn of several weeks in bed, many stomach washings daily, medication, and carefully resumed and adjusted diet. In most cases or more than a year's standing "operation is the only remedy."

CUT BAKING COSTS

Start economy in the kitchen, reduce the cost of baking—save and serve the purest, most wholesome of foods.

Use the Baking Powder that saves materials it is used with. Calumet Baking Powder never fails—always produces perfectly raised, delicious bakings.

There is no waste—no failures.

Call for Calumet Baking Powder.

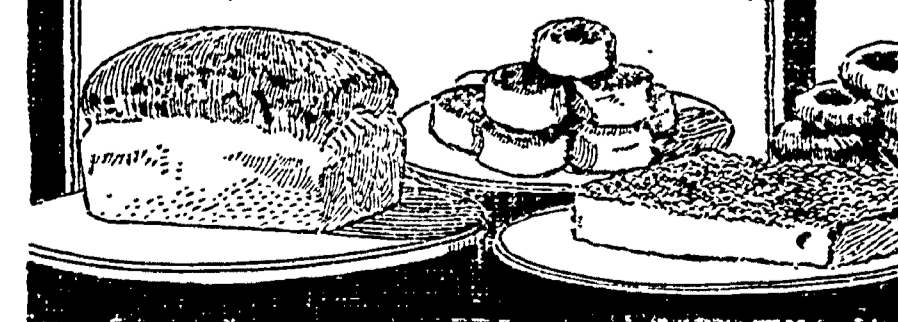

Do All Your Baking With Atlas Fancy Flour

YOU can use it with equal success for cakes, biscuits, doughnuts, pies—in fact, for all your baking.

Atlas FANCY FLOUR

is an all around flour guaranteed to give perfect results no matter what you bake. Most economical because you use less and get more in the baking.

TELEGRAPHIC NEWS THAT IS UP TO THE MINUTE

GERMAN REVOLT NEAR END AND VON KAPP IS READY TO STEP DOWN

(Continued from page 1)

nance remained loyal to the Ebert government and had refused to obey von Kapp's instruction to pay 10,000,000 marks for current expenditures, including pay for the troops. Maximilian Harden, editor of *Zukunft*, has been arrested, the dispatch says.

A dispatch to the Berlingske Tidende confirmed dispatches to the United Press yesterday on fighting in Dresden between communists and reichswehr troops. The dispatch said that nine were killed and several hundred wounded and that the fighting continued throughout Monday and yesterday.

Another Copenhagen dispatch reported that the general strike, called by the Ebert government to break the revolution, had reached the second zone of Schleswig which recently voted to remain German. Railway workers joined in the strike, the dis-

patch said, asserting that traffic was paralyzed.

The supreme council of peace conference in session was reported to have agreed unanimously to adopt the French viewpoint, regarding Germany, which is that, because of the obscure situation in Germany, the only suitable Allied attitude is to demand strict carrying out of the treaty of Versailles.

Basle dispatches quoting advices from Berlin said that opposition to von Kapp was growing in the German capital.

Situation Critical.
Paris.—Twenty-three persons have been killed and many wounded in clashes between soldiers and citizens at Hagen, Westphalia, dispatches here today said. The fighting occurred when soldiers arrived to occupy the city.

Munich dispatches described the situation there as critical. Crowds attempted to penetrate the diet but were repulsed by soldiers with some casualties.

In Essen the workers' revolutionary council was reported to have constituted an executive committee of

No reply has been received to the counter revolutionary messages sent to Stuttgart.

Force is Sufficient
Mayence.—Marshal Foch and the Allied commanders have decided the Allied force now along the Rhine is sufficient to meet any emergency caused by the German revolution. Foch has returned to Paris.

Visit the Kaiser
The Hague.—Several prominent Germans arrived in automobiles at Amersfoort yesterday for a visit to the former Kaiser, according to advices here today. They were not admitted to see their former emperor despite repeated attempts.

Cabinet is Firm
Stuttgart.—President Ebert's cabinet, in session, has decided unanimously to continue in its stand against any dealings with the Berlin revolutionists.

General Maercker, who claimed to represent the Ebert government in negotiations with the revolutionists in Berlin, has been relieved of his command.

Gustav Noske, Ebert's minister of

"Is Ireland Entitled to Self Determination?"
ADMISSION FREE. Everybody welcome.

thirty members to negotiate an alliance with the socialist parties in the lower Rhine districts and Westphalia for the purpose of establishing a dictatorship of the proletariat.

Soviet Republic Planned.
Paris.—Threats of immediate establishment of a soviet republic and an attack on Berlin were responsible for the decision of Dr. Wolfgang von Kapp and General von Luettwitz to resign as heads of the revolutionary government, according to a Berlin dispatch received by way of Frankfurt today. The decision of the counter-revolutionary leaders to resign unconditionally followed an ultimatum delivered by Deputies Cohn and Daumig. The ultimatum declared that unless both resigned and the Luettwitz troops withdrew before

defense, estimated the military strength of the von Kapp group at 20,000 troops, a majority of these are in Berlin, he said.

Dispatches here said that workers in the Ruhr industrial district have partly disarmed soldiers declaring for the von Kapp government.

SHORT NOTES

John Sohn of Hilbert visited here today.

The regular meeting of the St. Paul Young People's society will be held this evening.

Members of the choir of Immanuel Evangelical church will meet for rehearsal at 8:30 o'clock this evening at the church.

3 p. m. Tuesday, the workmen would proclaim a soviet republic and attack the city.

Workmen in the districts of Weissensee, Reimeckendorff and Spandau were reported to be fully armed and ready to carry out the threat of the deputies.

Fighting in Berlin.
London.—A delayed dispatch from Berlin today said several persons were killed and many wounded when soldiers and workmen clashed here Monday evening.

A military detachment was marching through the workmen's quarters, the dispatch said, with its band playing Deutschland Uber Alles. Some workmen cursed the song and were arrested. Comrades attempted to release them and the military opened fire.

75 Dead in Berlin.
Berlin.—It was officially estimated today that 75 persons have been killed in fighting in Berlin and its suburbs.

The counter-revolutionary government denied officially reports that it intends to bring the former Kaiser back to Germany. The revolutionists also insisted that General Maercker came from Stuttgart with full authority from President Ebert and war Minister Noske to conduct negotiations.

Society

Entertain at Luncheon
Mrs. F. S. Bradford, Prospect street, will entertain the Over the Tea Cups club at luncheon at one o'clock Friday.

Dancing Party.
An informal dancing party will be given by Eta Bitta Pl of Lawrence college, at Odd Fellow hall Friday evening. Music will be furnished by the Synco Pep orchestra.

F. R. A. Meeting.
The Fraternal Reserve association met last evening at South Masonic hall. Routine business was transacted and a short social session enjoyed.

Beavers Meeting.
A regular meeting of the Beavers will be held tonight at South Masonic hall. Deputy Walter Vorass of Mattoon will be present.

W. R. C. Meeting.
The Woman's Relief Corps Auxiliary of the Grand Army of the Republic will meet at 2:30 o'clock Friday evening at K. C. hall tomorrow evening. The subject for discussion is "Economic Theory and Christianity."

W. C. T. U. Meeting.
The Woman's Christian Temperance Union will meet tomorrow afternoon at the home of Mrs. K. S. Rhodes and Mrs. Blanche Kubitz 630 Rankin street. The meeting will take up final matters connected with the jubilee campaign in which the local union participated.

Co-Eds Celebrate.
St. Patrick's Day will be celebrated Friday night by the Ormsby girls with a special program at dinner.

Entertains at Shower.
Miss Ethel Hager, Superior street, entertained at her home last night at a glassware shower in honor of the Misses Katherine Warner and Ethel Jensen, whose respective marriages will take place this spring. Miss Warner is the fiancée of George Deane and Miss Jensen the fiancée of Herman Krempien.

Twelve guests were present. The

evening was spent in playing dice. First prize was won by Miss Jensen, second prize by Miss Anna Hollenbach.

Theatre Party.
Miss Meta Hofer was hostess to Solree club members at a theatre party last evening. Refreshments were served later in the evening. St. Patrick day colors and favors were carried out.

Glenola Club Party.
Plans for a dancing party to be given April 30 were made at a meeting of the Glenola club Tuesday night.

K. C. Initiation.
Twelve candidates will be initiated at a meeting of the Knights of Columbus at K. C. hall tomorrow evening. The meeting will be called promptly at 8 o'clock.

Brotherhood Meeting.
The Brotherhood of Trinity English Lutheran church will meet at eight o'clock this evening at the home of R. Krabbe, 1049 Superior street. The subject for discussion is "Economic Theory and Christianity."

Amicitia Club.
The Amicitia club met last evening at the home of Miss Lillian Nehls on Washington street. Sewing was the main occupation of the evening, and a light luncheon was served.

Woman's Club Meeting.
The City Beautiful department of the Woman's Club held a meeting in the assembly room of the Vocational School. New members were accepted and the plans for the spring work discussed. The officers of the department are: Mrs. A. H. Thurer, chairman; Mrs. G. M. Schumaker, vice-chairman; Mrs. Louisa Ellis, secretary.

PRICES CONTINUE TO INCREASE TODAY

BULLISH FACTORS WHICH INFLUENCED YESTERDAY'S MARKETS IN EVIDENCE AGAIN TODAY

By United Press Leased Wire

Chicago.—The bullish factors governing Tuesday's trading were in evidence on the Chicago board of trade today. Prospects of bad weather, shortage of offerings and a more settled state of affairs in Germany led to better buying. Oats and provisions followed corn.

March corn opened late at \$1.57, down 3/4¢ but later made up that fraction. May corn after opening 1/4¢ up at \$1.56 advanced 1/4¢. July oats opened 1/4¢ up at \$1.49 and gained 1/4¢ thereafter. Sept. corn 1/4¢ up at the opening \$1.45 1/4, gained another 1/4¢ before noon.

May oats was 3/4¢ up at the opening, 1/4¢ and advanced one cent subsequently. July oats was 3/4¢ up at the opening, 7/8¢ and thereafter gained one cent.

WEARIN' OF THE GREEN IS POPULAR HERE TODAY

St. Patrick's day was fittingly observed in Appleton this year. No parades or demonstrations marked the observance, but special services were held in the churches.
A big mass-meeting has also been arranged for tonight at Lawrence Memorial chapel. L. O'Connor, Milwaukee, will speak on "Ireland's Right to Self-Determination." Judge A. M. Spencer of the municipal court will preside.
St. Patrick day colors were very much in evidence today. The "wearing o' the green" appears no less popular despite the inevitable return of March 17 every year.

BOY SCOUT TOURNEY OPENS THIS EVENING

The Boy Scout basketball tournament will open this evening at the High School gymnasium.
The first game will be played between the first team of Troop one and the second team of troop two. The second game will be between the first team of Troop four and the second team of Troop one. The first team of Troop two will play the first game of Troop five in the closing game. Leigh Hooley, scout master, is in charge. The winners will draw lots to decide who plays tomorrow evening. The finals will be played Friday.

MILWAUKEE LIBRARIAN SUMMONED BY DEATH

By United Press Leased Wire
Milwaukee.—Charles Edward McLeneghan, city librarian, died suddenly this morning at the age of 62. He suffered an apoplectic stroke last night. His widow and one son, David, University of Wisconsin student, survive. A brother, Samuel, is in the navy at San Francisco, a sister lives at Beloit.

McLeneghan was born in Beloit, where he attended the high school and Beloit college. He was a graduate of Racine college and was instructor there for a time before going to Kenyon College, Ohio. He had been librarian here since 1910.

STATE TAKES HAND IN CHICAGO GAS SITUATION

By United Press Leased Wire
Chicago.—The state public utilities commission here today was to consider the gas rate situation, brought to a head by threats of gas house employees strike.
Company officials said that if the men's demands were granted rates would have to raise.
The commission was expected to take steps to prevent further raise in rates and also to meet the new wage demands.

By United Press Leased Wire
Shelby, Wis.—Contracts have been signed here by directors of the Shelby housing company and the Immel Construction Company, Fond du Lac, for building 25 houses. When completed the homes will be sold at cost. They are being built on a cost plus ten per cent basis.

SAGER RESIGNS POSITION WITH WATER DEPARTMENT

Edward E. Sager, who has been secretary of the Appleton Water Commission for several years, tendered his resignation at the meeting of the commission held yesterday afternoon.
Mr. Sager has accepted a position with the First Trust company and his

work will be equivalent to that of assistant secretary. He plans to remain in his present capacity with the water commission for several weeks, or until such time as he can be released without inconveniencing the department.

During 1919, Germany exported to the United States undecorated china and porcelain valued at \$61,756, an increase of 30 per cent over pre-war years.

IRELAND'S FLAG OVER MILWAUKEE CITY HALL

By United Press Leased Wire
Milwaukee.—The green, white and orange flag of the Irish "republic" floated below Old Glory on the city hall here today. Mayor D. W. Hoan ordered the unfurling, explaining the request was made by "numerous citizens," and added that if objection was raised over payment for the flag by the city, he would pay it himself.

BANDITS SEIZE SACK CONTAINING BIG SUM

By United Press Leased Wire
Cleveland, O.—Two armed auto bandits, robbed Louis Newman, treasurer of a silk company, of a bag containing \$12,400 as he stepped from a branch bank here today. One of the bandits held off three of Newman's clerks who were to help guard the payroll.
The name Europe has been in use for more than 2,500 years.

Intestinal Indigestion!

A Form of Dyspepsia Usually Resulting from the Inability to Digest Starchy-Food.

A great many people are severely bothered with intestinal indigestion due to the fact that the starchy foods, such as potatoes, rice, white bread, etc., are not digested in the small intestine and not in the stomach as is generally supposed.

To relieve this condition Stuart's Dyspepsia Tablets are well supplied with an intestinal digestant so that instead of practicing severe diet you may eat these essential, nourishing foods without distress.

In the small intestine the pancreatic juice acts upon the starches and ordinarily, in a state of health, possesses the power of converting them into grape sugar and dextrine. Starch must be so transformed before it can be of use to the body economy. Remaining as unchanged starch, it either passes through the alimentary canal, and proves a useless burden to the system, because it resists absorption, or it causes intestinal indigestion, the food products becoming acid through putrefaction, which often sets up a catarrhal inflammation of the intestine, resulting in diarrhoea.

In a complaint of this character many persons use paregoric, bismuth and tannin to relieve the diarrhoea, all powerful astringents and they stop the trouble suddenly, "locking up" the morbid secretions, throwing the toxic intestinal poison back on the system, and often causing auto-intoxication.

STUART'S DYSPEPSIA TABLETS contain among other powerful digestives, a substance called pancreatin, which thoroughly digests starchy foods in the small intestine, thus preventing intestinal indigestion.

These tablets also contain calcium carbonate, which is a mild though effective sub-astringent, and which by its antiseptic properties removes the intestinal poisons that are always present in intestinal indigestion and diarrhoea.

Not only are the starches digested by the use of Stuart's Dyspepsia Tablets, but through the action of other ingredients they relieve stomach indigestion and dyspepsia. Buy a package from your drug store today for 50 cents and note the sense of relief that follows in short order, adv.

SELECT JURY IN THE DEML CASE TODAY

(Continued from page 1)

years, but that Ballard had not solicited a subscription from him on account of this case; he said that he was a member of the American Society of Equity, but had not read the reports of that society with reference

to the contributions; he had never attended any meetings of the Equity at which Deml's case was discussed. Concerning the alleged raid he said that he did not hear until the other day that Deml had been struck and did not remember of reading it in the papers at the time. "Didn't you read in the papers that the men put a rope about his neck?" inquired Mr. Martin. "No, sir." "Did you read anything about it?" No, sir. Jack Miller, a young Kaukauna merchant, was excused from the

stand because he admitted that "if it should develop that some of his friends were members of one of the automobile parties which went on the nights of Oct. 17, 18 and 19, 1918, and if it should appear that the fact that they were present might place them in the same position as the defendants in this action," he might be inclined to view with more leniency the acts of the auto riders. Miller injected the only laugh into what was otherwise a mournful court session. Questioned by Atty. Cochens as to his ideas of the seriousness of the charge against the defendants, and more particularly as to whether he thought it a serious breach of the law and etiquette generally to place a rope around a man's neck, Miller opined that "it would depend altogether upon the size of the rope."

The titters which greeted this reply were passed over by Judge A. M. Reid, who straightened out the matter by observing likely the proper test would be whether the rope were large enough to serve for a hanging bee which the prospective (and unaccepted) juror admitted was very close indeed to his idea of the fitness of things.

Among the other jurors examined during the afternoon were Louis Nickles, Albert Treiber, John Koehnke, Henry Vanderfelden, M. G. Verbeten, John Heckel, James Smith, George John, Charles Paschen, M. H. Huckins, Rufus Poole, three of whom, Louis Nickles, John Koehnke and Charles Paschen, were excused on account of having formed opinions.

When court opened this morning Atorney Martin inquired of John Boldt if he had thought anything about the case since last night and received a negative reply. When asked further if his mind was any clearer than it was last night he said he had thought about the case, but could not set it into his mind whether he had read about it or not. He finally admitted that he had read about it. He could not remember, however, of having read the article in the Appleton Crescent signed by C. B. Ballard. The neighbors, he said had talked to him about the assault on Deml, but that he had expressed no opinion concerning it. He said that he had not expressed himself to the effect that he would sit on this jury.

Charles Hooker, secretary of the Wausau Rotary club, was here yesterday creating enthusiasm for the district Rotary convention to be held at Wausau April 13 and 14. About twenty-five or thirty are expected to go from here.

NOCTURNAL GUESTS AT RUSSELL SAGE FRIGHTENED AWAY

CO-EDS AT LAWRENCE COLLEGE
SORRY POLICE ARRIVED BEFORE THEY SAW BURG-LARS

Braving the terrors of arousing 150 Lawrence co-eds, three men attempted to break into Russell-Sage hall about four o'clock this morning. That they did not get in or arouse the entire 150 was due to the arrival of the police which was the signal for their disappearance. A search thru the dormitory and grounds failed to find them.

The men tried to enter a room in the southwest wing, whose windows open onto the side porch. The two girls occupying the room were awakened by the noise at the window. It is said they were able to see the outlines of the men outside. They jumped out of bed and ran into the room connected to theirs by a private bathroom, locking the doors behind them. The girls in this room were already aroused, having also heard the noise. From here one of the girls ran to the room of the dean and of the nurse to get help.

The police were summoned but the men evidently saw the arrival from their vantage point on the side porch and made their escape. Before they were forced to leave, however, they succeeded in breaking the lock of the window and forcing the top down as it was found. It is believed one of them entered the room because the window sill is marked with shoe nails.

The men evidently had little fear of interference from the girls since they had no regard for the amount of noise they made. Most of the girls on first floor were up by the time the police arrived, and those of the other floors are still bemoaning the fact that they missed the thrills. The favored window sill has become a spot of interest.

ABOUT TOWN

SELLS FARM—Gus Barnetke has disposed of his 15 acre farm in the town of Grand Chute to Herman Bartz, who formerly lived at Center. Mr. Barnetke plans to remove to a five acre tract near the one he sold.

JEWELERS MEET—The Fox River Valley Jewelers' association will meet tomorrow afternoon and evening at the Sherman house. Routine business will be transacted during the afternoon and a banquet will be served in the evening. An open discussion will follow the dinner.

AT CHICAGO—Dr. Samuel Plantz left today for Chicago, where he will attend the annual meeting of the North Central Association of Colleges and Secondary schools, which opens Thursday. Principal P. G. W. Keller of the high school, will also attend the conference.

VAGRANT—Edward Brantigan was placed under arrest this morning by Officer Peterson and booked on a charge of vagrancy. He was sentenced to a term of six days in the workhouse.

OPERATION—Mrs. Doane Upjohn, wife of the rector of All-Saints church, is recovering from a recent operation at St. Elizabeth hospital. Her condition has been considered serious, but reports today indicate she is improving.

BREAKS RIB—While working on a conveyor at the Interlake mill this morning, Elmer Steenis suffered a fractured rib. A block of wood fell and struck him in the right side. He was taken to St. Elizabeth hospital in the city ambulance.

LENTEN SERVICE—Lenten services will be held by Mount Olivet English Lutheran church this evening at 7:30. The Rev. R. E. Ziesemer will preach on the theme, "Jesus Christ Before Pontius Pilate."

OBITUARY

FISCHER FUNERAL—The funeral of Hubert Fischer, who died Saturday at Kansas City, Mo., will be held at ten o'clock Thursday morning from St. Joseph church, not Wednesday morning as was announced yesterday. The body arrived in Appleton last evening.

In Memoriam—In loving remembrance of our dear Father and Brother who passed away 2 and 4 years ago respectively. Two precious ones from us have gone. Two voices have been stilled. Two places vacant in our home. Which never can be filled.

Some may think the wound is healed. But little do they know the sorrow that lies within our hearts concealed. When days are dark. And friends are few. Dear Father how we do miss you. Sadly mourned and missed by Mrs. A. Kloes and children. adv.

Dr. G. E. Massart and Dr. A. E. Adsit will leave Saturday for Chicago where they will attend dental clinics in connection with conventions of the Illinois Dental Society and the Chicago Dental society. They will be gone the major portion of next week.

SEALED BIDS—Sealed bids will be received by the undersigned up to 12 noon, April 1st, 1920, for a motor driven centrifugal pump according to plans and specifications on file in the office of the Water Department, City of Appleton, Wis. A certified check in the sum of 10 per cent must accompany each bid. The Commission reserves the right to reject any or all bids.

Signed,
APPLETON WATER COM.
Edw. E. Sager, Secy.
Dated March 17th, 1920. 2-17-20-22

MILK ORDINANCE IS WANTED BY WOMEN

STEPS ARE TAKEN LOOKING TO
WARD ADEQUATE SUPERVISION
OF CITY MILK SUPPLY

The Public Health department of the Appleton Woman's Club held its regular monthly meeting at the Y. M. C. A. at four o'clock yesterday afternoon. Forty members have enrolled for work in this department. The officers are: Mrs. George R. Wettengel, chairman; Mrs. N. P. Mills and Mrs. Paul Hackbert, vice-chairmen; Mrs. W. T. Meyer, recording secretary; Mrs. P. G. W. Keller, corresponding secretary; Mrs. Karl Haugen, treasurer.

Miss Revett, school nurse, reported that nearly 1,000 children are being served with the mid-morning milk and cracker lunch in the schools. This service has been instituted in all the public schools except the First ward, and also in St. Joseph school. Teachers and school executives in all the districts where it is being tried express themselves as greatly pleased with results.

The department decided to secure a corporate membership in the Wisconsin Anti-Tuberculosis Society and assist in carrying on its work here. It was voted to subscribe to the Child Welfare Magazine and place this in the public library for the benefit of those interested in the subject.

It was also suggested that the department, at the request of many mothers in the city, devote its energies to securing an adequately protective milk ordinance for the city. This move will look towards the possible establishment of a dairy supplying certified milk and a regulation allowing only milk from tuberculin-tested cattle to be supplied to consumers by regularly licensed dealers.

Card of Thanks—We wish to thank our neighbors and friends for their kindness and sympathy and for their floral offerings during our recent loss the death of our daughter Martha. Signed Mr. and Mrs. A. Storm and family. adv.

FOR SALE—A good piano. Inquire upstairs, 76 College Ave.

NON-PARTISANS LOSE IN DAKOTA PRIMARY

HIRAM JOHNSON AND ANTI-
LEAGUES ARE GIVEN
THE MAJORITY
YESTERDAY

Fargo, N. D.—Incomplete returns from Bismarck, Grand Forks, Devils Lake and Fargo early today indicated Gunner Olson, republican opposed to the non-partisan league, would be named national committeeman. The same returns showed Hiram Johnson receiving a big majority in the presidential preference, over other candidates whose names were written on ballots.

Repeal of the Sunday blue laws in North Dakota by an overwhelming majority was indicated in early returns. Meager returns on the democratic primary indicated a substantial lead for L. P. Baker and delegates and electors pledged to support William Jennings Bryan for president.

In Fargo, six out of ten precincts, the vote for repeal of the blue laws was 976 yeas and 659 noes. In the same precincts the proposed constitutional amendments received an endorsement, averaging about eight to three. Hiram Johnson received 532 votes, Gunner Olson 603, Ole Olson, non-partisan league (republican) candidate 266.

Six precincts in Bismarck gave Hi-

ram Johnson a big majority over other candidates and gave the anti-league forces a lead of two to one. Six precincts in Grand Forks County showed the two republican forces about evenly matched.

Announce the Spring Opening and Easter Fashion Display

BEGINNING THURSDAY, MARCH 18th

Spring styles

*artfully designed and painstakingly
executed in accordance with
Fashions latest edict*

Gaiety, youth and femininity are expressed in the lovely fashions of spring. One sees this touch of joyousness in fascinating new hats, colorful gowns and all the delightful accessories of milady's spring costume. This store is replete now with styles of great diversity designed for women who favor the delightfully simple or the exquisitely elaborate creations for springtime wear.

The New Suits

Suits that meet the requirements of all figures: trim tailored suits, cton and bolero suits, suits showing handsome embroideries, suits for misses, youthful suits for the larger figures, and specially cut suits for women who may require a larger waistline or fullness about the hips.

Suits modeled along trig jaunty lines, having a sureness in cut that lends distinction. All those niceties of tailoring detail usually to be found only in custom tailored garments of the highest order. Navy blue has the preference in color, and tricotine leads in fabrics. Other materials used are men's wear serge, poiret twill, velour checks and wool jersey. Prices from \$35.00 to \$175.00.

Well made suit of Navy serge, with long graceful collar. Back has groups of pin tucks. coat is shirred thru waist line in back, and finished with a narrow belt, buckle in the back. Skirt is made with slashed pockets. Price \$35.00.

Suit of Navy serge, smart stitching on the pockets and at back. This suit is lined with fancy messaline. Coat is bone button trimmed—has becoming collar. The skirt is a two piece model, gathered at the back under a belt, and has two pockets. Price \$45.00.

Navy Tricotine Suit. Coat trimmed with silk braid, and silk braid piping finishes the graceful long collar, and sleeves that are button trimmed. The coat is held to the figure by a narrow belt. Lined with floral silk. Skirt is pocketed. Price \$57.00.

Navy Tricotine Suit, lined with fancy silk. Broad silk braid and handsome bone buttons make this suit desirable. Has a deep collar and wide vest finished with a bone buckle. Skirt is shirred under wide belt, and has slashed pockets. Price \$70.00.

Blouses for Spring

Blouses are shown in various styles and are fashioned of many fabrics — georgette crepe, tricolette, satin, crepe de chine, lace, net, organdy, batiste and voile.

This season has whims of its own in style and variety. Over-blouses and tie-in blouses are much favored in fabrics, soft and filmy in texture, giving the loose yet clinging effect so sought after. Trimmed and embroidered with all the delicate grace and charm of fine silks, glittering beads and lace, these models all come in the jaunty hip length and finish on graceful basque lines or tie into a bouffant sash at the back. Prices range from \$11.95 to \$50.00.

Regulation blouses in georgette are skillfully worked out, many showing unique embroidery in silk, wool, beads and chenille; while others show deep hemstitching and sheer lace and net trimming. Short sleeves add charm to these blouses and give them an air of newness. Colors are beige, blue, dawn, gold, Bermuda, coral, rose, orchid, flesh and white. Prices range from \$6.50 to \$40.00.

Crepe de chine is favored for tailored blouses and several models are now displayed. Some show the conventional collar, others feature the deep youthful collar and cuffs that are finished with plaiting. Still others have the ever popular Peter Pan collar. Prices \$9.00 to \$15.

Lingerie blouses of batiste and voile are more popular this season than they have been for many seasons past. Also displayed a profusion of colorful organdies in maize, orchid, rose, blue, flesh and white. \$3.95 to \$10.00.

We make a special feature of the very fine hand made, hand embroidered waist called "Fleur de lis". \$5.75 to \$15.00.

Fleur de lis hand made blouse of batiste with deep collar and cuffs, hand embroidered and lace trimmed, front finished with pin tucks. \$7.00.

Organdie blouse, white and flesh, tucked front, hand embroidered, real Irish lace trimmed. \$7.50.

Over blouse of navy printed georgette crepe. Collarless model with long sleeves and girdle finished with narrow grosgrain ribbon. \$15.00.

Over blouse in blue dawn georgette crepe, exquisitely embroidered in chenille, angora and crystal beads. Tie fast and new short sleeves. \$25.00.

Blouse of white crepe de chine with daintily tucked front and long deep collar finished with plaiting. \$9.00.

Quality and Style

ONE of the basic principles upon which this store has based its merchandising is quality, first and always. In the eagerness for fashion's latest fancy feminine buyers often are tempted by style rather than by prosaic quality. Without the stable foundation of quality, style is but a filmy unreliable substitute. The confidence which patrons place in this store is a tribute to its policy of quality.

THE PETTIBONE-PEABODY CO.

New Coat Styles

Coats are featured in many types and materials for spring and shown in various lengths. The short sports coat is new and promises to be popular. Many attractive color combinations are found in this type coat: tan with blue, blue with tan, rose and grey, reindeer, and beige, novel collars and unique belts add to their style. These models are made in wool velour, jersey, gunniburl, tweeds, polo cloths and velveteens. Colors are beaver, henna, rose, typhoon blue, tan and reindeer. \$20.00, \$22.00, \$25.00 and up.

Full length coats are modelled on long graceful lines, displaying unique collars, and can be found in materials to suit any occasion. Shown in peach bloom, evora, Bolivia, wool velour, tricotine, gold tone, polo cloth and tweeds. Colors are typhoon blue, Anzac, taupe, reindeer and navy. \$45.00, \$55.00 to \$125.00.

Polo coats shown in short sports models, three quarter length and full length. Made of genuine polo cloth, lined throughout with messaline, taffeta or satin. \$58.00, \$68.00, \$72.00.

Short coat in jaunty style, made of gunniburl, tuxedo fashion, to be worn with dresses or separate skirts. Colors: tan, blue, tan with blue, blue with tan. \$25.00.

Women's full length coat made in navy serge, with silk stitching, waist lined. Collar can be worn open or closed. Has all around belt. \$45.00.

Polo coat, 34 inches long, in tan, lined throughout in brown or typhoon blue messaline. Convertible collar and other smart features. \$58.00.

Short coat of superior quality velveteen in black, navy and brown. Tuxedo style, lined throughout in soft satin. \$65.00.

Full length coat made of Bolivia cloth, lined throughout with silk — has large, graceful, draped collar, bone button trimmed. Colors: peach blue and beaver. \$100.00.

Springtime Dresses

Fashion advocates taffeta silks, soft satins, georgette crepes, tricolettes, and crepe de chine. Captivating in their grace and beauty of line are these new dresses with their harem and appealingly draped skirts, distended hips, short sleeves, pleated ruffles, artistic beadings, and exquisite collars, cuffs and vestees. Many reveal the tendency of a more pronounced waistline.

Handsome afternoon and dinner dresses in beaded georgette crepe, embroidered kitten's ear satin, and skillfully worked out models in plain tricolette, mignonette and taffetas combined with lace. \$27.00 to \$175.00.

Dress of navy taffeta with round neck line; neck, girdle and short sleeves finished with quaint puffs of silk; skirts finished at bottom with four rows of cords. \$27.00.

Good quality of taffeta dress in navy and brown. Bolero model with graceful skirt showing apron tunic finished on each side with wide knife pleating. Girdle is artistically finished with ivory buttons and two-toned ribbon. \$45.00.

Graceful dress of soft satin in navy and black. Round neckline and blouse back; dull gold cloth finishes the collar, short sleeves and girdle. Skirt is gracefully draped and is trimmed with silk braid motifs. \$55.00.

New Separate Skirts

A comprehensive collection of new skirts revealing novel treatment in belts, pockets and trimming. Many of them are of tricotine, men's wear serge, velour checks and satins.

A skirt of navy serge made on straight lines has eighteen rows of pin tucks, one inch apart, at bottom of skirt and deep, slashed, button trimmed pockets. \$12.75.

Another skirt of heavy men's wear serge is full accordion plaited and has deep self girdle. \$16.50.

A box-plaited model is made of wool velour in plaid combinations of tan and brown, tan and navy—finished with detachable girdle. \$19.50.

Skirt of dull plaid wool velour in taupe with blue, tan with brown, shows soft shirrings at waist line and has novelty button trimmed pockets and detachable girdle. \$27.00.

Skillful Alteration Work

And alteration work—what can be more important to the fit and finish of the garment than capable work in this important department? At your service, as always, an assured success in the final alterations that make your garment the complete realization of what it was intended to be.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

MEET SECRETLY TO FORM NEW POLITICAL PARTY IN WISCONSIN

LABOR, NON-PARTISAN LEAGUE, EQUITY AND COMMITTEE OF 48 SAID TO BE REPRESENTED

Milwaukee—What has become a well developed move to organize a new political party in Wisconsin by uniting elements of discontent was brought to light in Milwaukee on Tuesday, when it became known that four secret meetings had been held here for this purpose.

THE BATTLE WON

Confidence in your physician or the tonic that he may prescribe, is half the battle won. The consistent use of

SCOTT'S EMULSION

always begets confidence in those who take it. Scott's is a tonic-nutrient recommended by physicians everywhere. Let SCOTT'S help you win your battle against weakness.

Scott & Bowne, Bloomfield, N. J. 19-14 adv.

J. J. Handley, Milwaukee, secretary and treasurer of the State Federation of Labor, said that two views have developed at these meetings, one favorable to a new state party and the other favorable to a propaganda campaign for certain principles which would be left to the old parties to work out.

Should the former group dominate, a new party would be sent forth in the 1920 campaign, to organize under one banner all the radical forces in a move to capture state offices, the legislature and gain control of congressmen, also to be ready to join a new radical national party, which, according to dispatches from different parts of the country, might be headed by William Randolph Hearst, Senator R. M. La Follette or Governor Fraser of North Dakota.

Four secret meetings have been held in Milwaukee and another is scheduled for Sunday afternoon to consider advisability of starting this political venture by uniting discordant elements in the state.

It is reliably reported that the following groups were represented, socialist party, Nonpartisan league, committee of forty-eight, organized labor, three brotherhoods of railroad trainmen and the Equity society, the latter being represented, it is said, without the consent or knowledge of J. N. Tittmore, Equity president, who is said not to be in on the deal.

Senator W. C. Zumbach, Milwaukee socialist, is said to have represented socialists; George Comings, Eau Claire, the Nonpartisan league; A. J. Sweet, Milwaukee, the committee of forty-eight, with Handley and Henry Ohi, Milwaukee socialist, representing labor.

Favor Plumb Plan
The brotherhoods are said to have sent men to the conferences because they were assured that the different groups represented would endorse the Plumb plan for nationalization of railroads. Meetings held to date have been

guarded by much secrecy. Mr. Handley declined to give out any information because, he said, "it might put the matter in a bad light."
"We have been working in a quiet way," he said, "and do not want publicity at this time."

PERSONAL ITEMS FROM VILLAGE OF SHIOCTON

Shiocton.—Mr. and Mrs. George Cergl left Thursday for Pennsylvania where they will make their future home.

Mr. and Mrs. August Conradt of Clintonville are visiting relatives in the village.

Ben Billings is taking a vacation from the G. B. and W. because trains discontinued on account of coal shortage.

Miss Freda Carlson, who has been "pending" the last two months with her sister, Mrs. W. D. Main has left for Minneapolis.

George Kelder of Chicago is visiting at the home of Ole Johnson.

Mrs. W. D. Steede was a New London visitor one day last week.

R. S. Haase was in Appleton on business Thursday.

N. C. Williams was a New London visitor last week.

R. D. Fisher visited at Appleton Thursday.

Miss Jessie Thorpe, who has been spending the last three weeks at her home, while her school has been closed, returned Friday to Antigo to resume her duties.

Mrs. L. Weber, Jr., went to Birnamwood Friday morning.

J. K. Curtis left Tuesday for his home in Circle, Mont.

R. C. Roloff has purchased the building where he has been residing from Mrs. Carrie Williams.

J. R. Stegeman was an Appleton business visitor a few days last week.

Mrs. C. W. Bastion of Milwaukee, formerly Miss Gladys Maxfield of Appleton is visiting at the home of R. C. Roloff.

The Saturday evening Five Hundred club met at the home of R. D. Fisher.

Miss Fae Elberhart spent the week end at her home in Appleton.

Miss Eva Tabbs spent the week end at her home at Seymour.

Mr. and Mrs. Paul Siefel were Appleton visitors over Sunday.

R. C. Roloff was called to Seymour on Saturday on account of the illness of his grand father.

Miss Eula Mack who is attending Lawrence college at Appleton was home Saturday.

Mr. and Mrs. J. E. Miller and son Gerald of Fond du Lac visited with friends and relatives a few days last week.

P. A. Siefel was at Pulaski on business the first of the week.

Ed. Eick who has been at Rusholt was home over Sunday.

Miss Marie Kraus returned home after spending a few weeks at Appleton.

Leo Eick was in Appleton Monday.

Mrs. Keither, formerly Miss Elsie Steidl has resigned her position as clerk at F. R. Greenwald store. Miss Adella Schneider is taking her place.

Mr. and Mrs. Hugh Dishnean visited at the home of William Steede over Sunday.

The Misses Goff and Cartwell were New London visitors Saturday.

Miss Marie Oaks is spending a week at Racine and Milwaukee.

Mr. and Mrs. Carl Eick and son Edward and daughter, Mrs. Galley have moved in the Durkee house.

Mrs. Bidwell who has been visiting with E. N. Peep, returned to her home at DePere.

The Tuesday Five Hundred Club met at the home of Mrs. Clifford Morse.

Mrs. Preston who has been visiting at Independence, Kans., returned Monday. Her nephew Carl Preston accompanied her and returned Tuesday.

The City Basketball team played a very exciting game with the second Edison team of New London. The score was 24 to 16 in favor of Shiocton.

MUSTARD CASE TRIAL IS DELAYED AGAIN

Markesan, Wis.—The preliminary trial of Dr. J. A. Freudenberg of this village, charged with murdering Mrs. Nettie Duffies, his wealthy mother-in-law, has again been postponed.

Court Commissioner, H. A. Price, who was to have heard the case Monday afternoon, granted the state's request for a delay until March 25, when Prosecutor M. J. Paul of Green Lake county promised he will be ready to "go through" with the hearing.

He gave as his reason for asking an adjournment the fact that Mrs. Grace Brohl, as important witness, is still ill at her home in Washington, Pa. Mrs. Brohl is a nurse who attended Mrs. Duffies just prior to her death.

Mr. Paul said on Monday that there is but a remote possibility that pathologists who are now examining the internal organs of Alfred Duffies, Mrs. Duffies' husband, will be ready to report at the March 25 hearing.

DEALERS CALLED
IN H. C. L. PROBE
La Crosse, Wis.—After two adjournments, the United States grand jury will reconvene here on Tuesday to resume its investigation of high cost of living.

Consumers, retailers, jobbers and manufacturers engaged in various lines have been summoned to give testimony concerning their profits.

In January and February the jury investigated meats, shoes, sugar and clothing.

It is understood that this week the jury will devote its time largely to a probe of profits in ready to wear garments.

GREATEST DANGER FROM TYPHOID IN SPRING OF YEAR

HEADS OF FILTRATION STATIONS CAUTIONED TO EXERCISE UTMOST CARE NEXT FEW WEEKS

(Special to Post-Crescent)
Madison, Wis.—The common prevalence of water-borne typhoid fever in the early spring is usually due to surface pollution, and operators of water purification plants and all municipalities using water from surface sources are warned to maintain their plants in the most effective operating condition, in a statement issued by the sanitary engineering division, state board of health.

Water-borne typhoid fever and other similar water-borne diseases predominate during the late winter and early spring, the statement says, while typhoid fever from other causes is more prevalent during the summer, particularly August and September.

At Albany, N. Y., before the water supply was purified, the maximum typhoid occurred during January, February and March, when it was nearly double the maximum in August, September and October.

Purification of the supply there was a general reduction in typhoid fever over the whole year, but the maximum occurred during August, September and October, being practically double the typhoid prevalence in January, February and March.

The bureau cited the particular cause for water infection during this season of the year.

"During the winter the ground is frozen," it is explained, "thus preventing percolation of pollution into the soil and causing accumulation of filth and infection upon the surface of the ground. With the early spring thaws and rains, this pollution is flushed quickly into the streams or lakes which may constitute sources of water supply. It behooves every operator of a purification plant, therefore, to be exceptionally cautious during this period regarding the maintenance and operation of the plant in order to secure effective results at all times. An example of the disastrous results of negligence in this respect occurred in Milwaukee in the spring of 1916, when acting upon his own authority, without the knowledge of the waterworks superintendent or health department, an employee shut off the supply of chlorine for ten hours. Following this interruption in the treatment of the water supply, there were 50,000 cases of gastro-intestinal trouble and 500 cases of typhoid fever, with a mortality rate of 10 per cent.

"Not only is this time of the year dangerous regarding the pollution of surface water supplies, but as the frost goes out of the ground pollution from insanitary surroundings may frequently be carried into well supplies. This is because, first, the flow of water through the ground is frequently more rapid than during other seasons, and second, the purifying effect of the ground is not so active as during the summer months. For this reason all well supplies should be carefully watched and all insanitary conditions in their vicinity eliminated. The character of the water, furthermore, should be carefully watched and occasional analyses made to detect any pollution.

"In view of the conditions enumerated which are now prevalent, we wish to warn all operators of water purification plants and all municipalities that are using water from surface sources, rivers, lakes, etc., to maintain their purification plants in the most effective operating condition; and to emphasize to others the necessity of maintaining proper sanitary conditions in the vicinity of all wells, and to do everything in their power to maintain their water supply under safe conditions.

"It is suggested that samples of water be occasionally collected during this period by or through your local health officer and sent to the state laboratory of hygiene, Madison, or some branch laboratory in the state, for analysis. These analyses are made free of charge. If you are doubtful about your water supply boil all water used until you can have an analysis made to determine whether it is polluted or not."

HOG CHOLERA RAMPANT IN SOUTHERN COUNTIES

(Special to Post-Crescent)
Madison, Wis.—A new and very serious outbreak of hog cholera in Jackson, Trempealeau, and Richland Counties has been reported to the state department of agriculture. The reports indicate that the disease has spread a foothold at Hexion and Taylor in Jackson County, Whitehall and Osseo in Trempealeau, and near Blue River in Richland County. Dr. Purcell who is in charge of this department of veterinary work for the state department of agriculture says such early appearance and rapid spread of the disease with the ground frozen and covered with snow is unusual. It seems to indicate he says a very severe and virulent form of infection. Farmers in the vicinity of the infected territory are advised to protect healthy hogs by the use of serum and virus treatment.

HAVE TO TAKE BOAT TO REACH THIS TOWN

Cameron Parish, La.—This place is the only town in the United States that can be reached only by boat. There are no roads, telephones or telegraph lines. It is one of the oldest communities in the United States.

Used by Mothers for over thirty years. Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.

With the Baliff at the Door

Beau Brummell

shaved serenely on

BEAU BRUMMELL who "taught

Wales what a coat was like"—inventor of numberless niceties of dress—gambled himself into poverty. Publicly cut by the King, he had his last remaining finery laid out preparatory to seeking a friend who might save him from disgrace. With Weston, his faithful valet, keeping the door against the bailiffs, the great beau shaved serenely on. Prince of the Dandies to the last, he finished the job with the utmost care. Then, carefully wiping dry the precious blade and affectionately placing it in its case, he turned to Weston with the command: "Now let the rogues in."

The razor that Beau Brummell used was a shaving tool of wonderful balance. Length, temper and correct diagonal stroke were there; all it lacked was the safety and convenience of the double-edged, detachable blade of the

DURHAM-DUPLEX

A Real Razor—made Safe

Heft this wonderfully balanced razor in your hand—feel the comfort of its long, keen blade on your cheek. Automatically it lies on your face at the one-and-only angle for right shaving—because its design is thousands of years old. More than that—it can't

cut your face. It's the longest, strongest, keenest, best-tempered blade on earth—with moreshaving mileage than any other razor. Seven million shavers have changed from other razors to the Durham-Duplex—a real razor made safe. Make it your razor today.

VICE CONDITIONS LAX, SAYS HYGIENE OFFICIAL

Relaxation of Vigilance Since Armistice Is Blamed for Present Conditions—Nevada Heads the List

(Special to Post-Crescent)
New York.—"The startling vice graft charges in New York City are an outcropping of post-war conditions obtaining in all large cities in the United States."
So says Captain W. D. May, liaison officer in charge of the work of the United States Inter-department Social Hygiene Board, with headquarters in New York.
"When the armistice came," says Captain May, "we realized that the work of every agent connected with the campaign for the suppression of vice would be thrown away if he were not eternally vigilant. And true to our beliefs, we have found a gradual relaxation in the suppression of vice."
"Nearly every state in the Union is fighting the tendency to relax. Pennsylvania, one of the last states to come in under the law which requires a certain standard of efficiency for the suppression of vice, before a federal appropriation can be obtained, has at last awakened and is doing active work."
"The state of Nevada continues to be the one Rip Van Winkle. We recently received signed letters from the mayor of Reno and Carson City admitting that those places had red light districts and would probably continue to have them."

The water power available in the United States, if properly harnessed, would save 230,000,000 tons of soft coal and release 740,000 men for work in productive industries.

HORNSBY OUT AFTER REAL BAT RECORD THIS SPRING

National League Star Begins Training to Prevent Usual Spring Slump in Batting Average—Rickey's Hopes Are High

(Special to Post-Crescent)
Brownsville, Tex.—"You wonder how the real stars of baseball train. Well, here is Rogers Hornsby. He puts in as much time as Rickey will allow him swinging baseball bats. He wants to get away from his regular custom of having his batting slump in the spring. Hornsby is noted as a late starter with the stick.
Last year he drove in but one run in the first two dozen games played. But, oh, how he batted late in the season.
Rogers has been wintering around Fort Worth looking after oil interests for his mother.
Unlike most stars of the \$100,000 variety Hornsby is not temperamental. He was the first St. Louis player to reach Brownsville and was waiting at the station to meet Rickey and the others.
Hornsby was impatient to get to work and Rickey had to hold him down the first few days. But he has cut loose in earnest now and he hammers the ball all day long.
He thinks he can correct his spring weakness and if he can Branch Rickey will have a pretty sweet ball club.
"But without that if just watch us," says Rickey. "I hope Hornsby gets going early, but even if he doesn't we have a powerful team on attack and there is plenty of hitting."
And with Schupp right and Hornsby hitting consistently all season the Cards may come out from under and be a real factor in the National League race.

COL. TURNER SEEKS TREASURY OFFICE

RED ARROW COMMANDER AND SERGEANT OF ARMS CANDIDATE FOR THE NOMINATION

Madison—Col. John Turner, Mauston, commander in France of the 128th Infantry made up principally of the old Third Wisconsin regiment companies, will be a candidate for the Republican nomination for state treasurer against Henry Johnson, present incumbent.
Colonel Turner was born in Mauston, March 27, 1868, was educated in the Mauston schools, and November 1, 1897, purchased The Mauston Star and was its editor and publisher until Aug. 1, 1917, when he sold it to enter active military service.
He enlisted in Company D, Third Infantry, Wisconsin National Guard, Sept. 21, 1885, was promoted to second lieutenant, 1892, first lieutenant, 1894, and captain, 1895. He volunteered for service in the war with Spain in 1898, and served in the Porto Rican campaign. He was discharged from federal service Jan. 16, 1899, and was commissioned captain in the quartermaster corps, Third Wisconsin regiment, and became major in 1908.
He again volunteered for service during the Mexican trouble in 1916, and served from July 1 to Dec. 14. He was commissioned lieutenant colonel March 24, 1917, and then served his country, was called March 26, 1917, for the war with Germany. He was commissioned colonel July 2, 1917, and left Camp Douglas Sept. 13, 1917, in command of the Third regiment. When the Wisconsin National guard was reorganized at Camp MacArthur, Waco, Tex., he was placed in command of the 128th Infantry, and took it to France in February, 1918, where he saw active service for eight months. His son, Lieut. George S. Turner, also served with the 128th Infantry.
Colonel Turner was selected as sergeant-at-arms of the senate in 1919 by unanimous vote.

MISS MABEL S. DESCHANES, A POPULAR AND ATTRACTIVE YOUNG WOMAN OF LEWISTON, MAINE, IS NOW AN ADEPT CHAMPION OF TANLAC, SINCE SHE BEGAN USING IT A FEW WEEKS AGO.

Miss Mabel S. Deschanes, a popular and attractive young woman residing at No. 7 Bartlett Street, Lewiston, Me., is now an ardent champion of Tanlac, since she began using the medicine a few weeks ago.
"I prize Tanlac above every other medicine, even that which was prescribed for me," said Miss Deschanes in relating her experience recently. "I dislike publicity, but there are so many others who, no doubt, suffer as I did. I feel that I ought to tell them about it."
"I had been a great sufferer from indigestion and had been under the doctor's care for six months without relief. At the time I began taking Tanlac I was on a very rigid diet and at times could not retain food of any kind. Even cold water would cause extreme nausea. I suffered from loss of appetite, severe cramping pains after eating and extreme nervousness.
Finally my condition got so bad I simply had to give up and go to bed until I got relief. I was unable to go down-town to do my shopping and, although I had been under treatment for six months, there seemed to be no relief for me. Honestly, I don't believe I would be alive now if I hadn't gotten Tanlac, for I was suffering terribly and getting worse all the time."
"Finally my sister persuaded me to try Tanlac. I improved from the very first and one bottle did me more good than the six months' treatment. Why, I actually gained four pounds in weight while taking this one bottle. I have now taken four bottles and I feel just like a different person and am eating just anything I want; in fact, everything seems to agree with me perfectly. I am now able to do ray shopping without becoming fatigued in the least and am no longer nervous like I was."
"Tanlac is simply wonderful, and I can not praise it too highly."
Tanlac is sold in Appleton by John E. Voigt and by leading druggists in every town.

MAYBE MARINETTE IS TRYING TO DODGE GAME

Appleton highs are getting ready to hand Marinette a trimming when the northerners come to Alexander gymnasium Friday night in the final game of the season for Coach Vincent's quintet.
According to a Marinette dispatch, however, Marinette is scheduled to oppose Oconto at that city Friday evening. It was said yesterday that the game would be played here.
The highs are determined to come back against Marinette and are working hard for the tilt. Every player is in good shape and prepared to put up a hard battle.

IMPORTANT MEETING OF COUNTY EQUITY UNION

The next quarterly meeting of the Outagamie county union of the American Society of Equity will be held at the courthouse the latter part of next month and promises to be important. The local labor unions will be represented by a committee which will be appointed to discuss questions of mutual interest. The committee in charge of the proposed new cold storage plant will also report the progress that has been made.

EXPECTED TO CUT DIPHTHERIA DEATHS

New York.—Experiments by Dr. Wm. H. Park, director of the Research Laboratory of New York, are expected to decrease the present 10 per cent mortality from diphtheria. Success with the Shick test will enable mothers to learn if their babies are immune from the disease in time to have antitoxin treatment. Diphtheria annually kills 23,500 people in the United States.

TRIES TO SELL CASH AT DISCOUNT—FAILS

By United Press Leased Wire
London.—Fred Barnes, an actor, lost a wager of £50 when he stood in Trafalgar Square offering one pound notes for sale at two pence each. In five minutes he succeeded in disposing of but one note. He had bet that he could sell 50 at the reduced price.

Blood Poisoning Hamlin's Wizard Oil a Safe First Aid Treatment

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.
It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, bites and stings. So, as reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.
Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.
Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents Guaranteed.

FIVE GRADUATE FROM SHORT FARMING COURSE

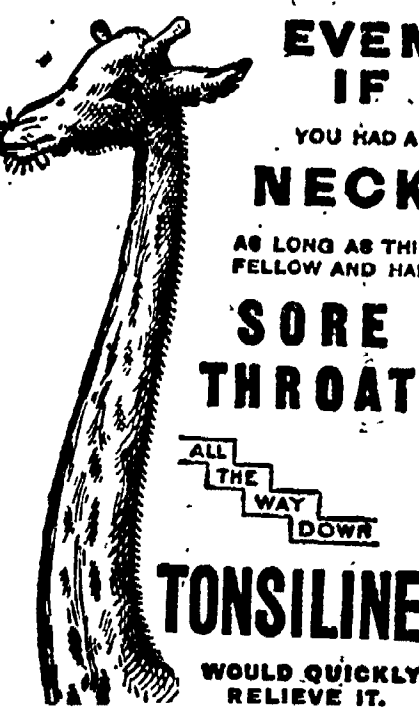

Certificates of graduation from the short course in the College of Agriculture, University of Wisconsin, are to be given to students March 18. Quite a number from this locality are included in the list, among them being the following:
Roy Bunker, Hortonville, Wilbur S. Grant, Appleton, and William J. Robe and Gilbert W. Wehling of Black Creek; Stanley A. Williams of Bear Creek.

RIVER FALLS BOASTS BEST PREFERRED HOGS

River Falls, Wis.—The farming community surrounding River Falls boasts some of the best herds of pure bred hogs and cattle in this section of the state. The pure bred hog business has increased remarkably during the last year, as is attested by the sales of best class stock during the winter months.
Three sales this winter have been especially noteworthy. The Duroc sale by Kurtz and Mueller in January brought an average of \$205 a head for 40 bred sows. The top price of \$860 for Lady Pathfinder Third, is the record price for any animals sold at the various sales. The average price a head for more than 40 Poland Chinas at a sale conducted by Cecil Morrow was \$125. A number of Minnesota and Iowa state breeders attended this sale, and about one-third of the offerings were shipped into Minnesota.
Acetylene is expected to come into general use for lighting in Denmark.

BANK NOTES PAPER WALL OF RESTAURANT

Geneva—A cafe proprietor has papered the walls of his inn with German crown and mark notes, at a cost of about 10 per cent more than ordinary wall paper would have cost.

EVEN IF YOU HAD A NECK AS LONG AS THIS FELLOW AND HAD SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY RELIEVE IT.
A quick, safe, soothing, healing, antiseptic relief for Sore Throat, briefly describes TONSILINE. A small bottle of Tonsiline lasts longer than most any case of Sore Throat. TONSILINE relieves Sore Mouth and Hoarseness. See and See. Hospital Use, etc. All Druggists. THE TONSILINE COMPANY, Canton, Ohio. adv.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. is Fully Recognized.
Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.
Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.
This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.
And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.
S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetters, boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.
It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.
You are invited to write for valuable literature and medical advice, which will be sent without cost. Address Chief Medical Adviser, Swift Laboratory, Atlanta.

START WORK ON SUGAR PLANT AT GREEN BAY

GREEN BAY SUGAR COMPANY AWARDS CONTRACT AND CONSTRUCTION STARTS AT ONCE

Green Bay.—The contract for the construction of the factory buildings and warehouses of the Green Bay Sugar company has been let and details connected with the construction work were completed Monday. The Ludolph Hansen company of Green Bay was awarded the entire piece of work and will begin preliminary preparations for building on Wednesday. The contract calls for completion of buildings, with equipment installed not later than September 15 of the present year.
The plant will be located one mile south of the limits of the city of Green Bay on the west side of the river. The factory will face the Green Bay-De Pere roadway with rear facing the Chicago & Northwestern right of way. The factory with sugar warehouse will form a continuous building 366 feet long, 105 1/2 feet wide at the front and 60 feet wide in the rear. The elevation of the factory proper will be 47 feet with the warehouse elevation 41.75 feet. This is exclusive of the towers and projections that will cover the roof line.
The building will be constructed of reinforced concrete throughout, with structural steel roofing and truss work and brick wall facings. Both sides of the building will be fitted with steel sash running in two continuous lines, giving the entire plant unusual lighting facilities.

The eighth number on the Appleton Community Lecture and Artists Series is Katherine Ridgeway and Company. She will appear on next Friday evening at 8:30 o'clock in the Lawrence Memorial Chapel.
Miss Ridgeway was born in Atlanta, Georgia. Her father was a slave owner who had 100 slaves freed at the close of the war. Some of these stayed with the family even after the war. Her father was a colonel in the southern army. Miss Ridgeway sets no little inspiration for her readings from her visits to the old darkies near her father's old plantation. There is one old "mammy" in particular who always tells her many tales and she hears the "darkies" songs sung in the dialect of the negro.

FOOT SNAPPED OFF WHEN ELEVATOR DROPS

Eau Claire, Wis.—Charles Bodine, 65 years old, and a painter, had his foot snapped off, and suffered probably fatal injuries here on Monday, when an elevator at the Girnan & Son Co. wagon and carriage plant dropped three stories, carrying a heavy Cadillac car. J. C. Plumby and Charles Strang, painters were internally injured, but not fatally, it is believed, while Andrew Olson, who also was on the elevator, miraculously escaped with only a cut under the eye.

GIRL OFTEN FIEND KILLS HER FATHER

Berlin—Baron von Koppen's death is said to have been caused by a hy-podermic injection of morphine given by his 15-year-old daughter at the suggestion of her mother, a former American. The baroness vanished and the girl, a morphine addict, has been placed in a sanitarium.

A new farm implement for exterminating weeds in cultivated land lifts strips of soil, pulverizes it, and returns it through a sieve.

FINE SHOWING IS MADE BY COUNTY VISITING NURSE

BAD ROADS INTERFERE WITH
BUT DO NOT STOP SPLEN-
DID WORK OF MISS
SCHULTZ

Despite the handicap of impassable country roads, Miss Bertha Schultz is accomplishing creditable results in her work as county nurse. She has been active under the auspices of the Outagamie county chapter of The American Red Cross since February 5, and in that time has not only familiarized herself with conditions in her domain, but has had practical results from her efforts.

According to Mrs. James Wood, chairman of the chapter's nursing activities, many schools have been visited and physical examinations of the pupils conducted. Recommendations of the nurse as to treatments of cases have been well received by parents of the affected children and needed medical attention has been given. The school buildings themselves have been inspected; some families in need of attention have been given aid and several influenza cases have been treated.

Most of the nurse's work has been confined to Black Creek, Hortonville, Dale and other places that she can reach by train or car. It has been practically impossible for her to get to other points because of the bad roads but as soon as this condition is relieved she will get to every portion of the county. An automobile has been provided for her use.

Miss Schultz is also cooperating with Riverside Sanitarium, especial-

ly in checking up the patients who were released and permitted to take treatment at home. She will make sure through occasional visits that and that patients make their regular visits to the sanitarium.

For the present it is expected that most of the work of the county nurse will be confined to the schools. There are 151 in the county and the task of visiting them all and examining every pupil is not an easy one.

It is the intention of the committee on nursing activities to appoint members in each locality to cooperate with the committee proper and with Miss Schultz in extending the scope of the nursing work.

According to a recent state law every county must provide a county nurse within a period of about one year, and it is therefore possible that the maintenance of the Outagamie county nurse may later be taken over by the county board.

RICKARD SURE OF THE GEORGES-DEMPSEY FIGHT

By United Press Leased Wire
New York.—Tex. Rickard is sure to get the Dempsey-Carpentier fight, according to Nate Lewis, Chicago fight manager who has returned from a tour of France.

"When I made Descamps the offer of Dominic Tortorich for the fight in New Orleans," Lewis said, "he showed me the terms offered by Rickard and I couldn't meet them. He also told me that Rickard would stage the fight either in America or Paris."

Carpentier, according to Lewis, wants to fight in New Orleans on account of the large per centage of French people there.

China has a dozen cities with populations over half a million.

LIVING PEOPLE ARE SACRIFICED—GORKY

Living people are sacrificed in the "laboratory" of Bolshevism like the rabbits and guinea-pigs of science, according to the newest indictment of the Lenin-Trotsky rule by Maxim Gorky, famous Russian author. "Bolshevik leaders, driven by ambition, are performing experiments on living persons, especially the working classes," Gorky is quoted as stating in a dispatch from Russia to a Stockholm newspaper.

TEACHERS FIRM IN DEMAND FOR RAISE

ARCHBOLD SCHOOLS ARE IDEAL
AS RESULT OF "PASSING
THE BUCK" FOR TEN
YEARS

(By Lorry A. Jacobs)
(Special to Post-Crescent)
Archbold, Pa.—Teachers everywhere, from members of the largest university faculties to the instructors in charge of the little red school houses of rural America, are watching Archbold with intense interest these days.

One hundred and forty thousand teachers in the United States have resigned their positions within a year because of low pay.

But in this valley mining town is the first 100 per cent strike of teachers on record.

Fifty-two have left their desks, and Archbold youths are the only ones in the community who accept the situation philosophically.

School board members say that there is no money available for higher salaries.

The teachers say they are willing to exchange slow starvation for quick starvation if justice is not forthcoming.

Two years ago the teachers of Archbold started their request for a raise. Every year, until 1919, they received the promise "next year."

In 1919, the state law was passed fixing the minimum pay for teachers at \$65 a month. The minimum in Archbold had been \$45.

But this increase did not satisfy the teachers, who again presented their demands, and, when these were refused, quit in a body.

The seven schools of Archbold are closed and 1,700 children are "at liberty."

W. A. Kelly, superintendent, says: "How can I argue with children that education pays when I receive less than any unlettered foreigner in the mines? My salary was \$135 a month. I have been a teacher 30 years and I spent six years in preparation."

Miss Mary Corcoran, who was chosen secretary of the teachers' organization, says "that she cannot go back to work and retain her self-respect."

"I have been a teacher for 20 years," she said, "and yet I received less pay than a boy or girl working in the breaker."

DISCONTINUE BUELL'S
JOB WITH STATE CLUB

Mark Catlin returned yesterday from Madison, where he attended the meeting of the board of directors of the Wisconsin Fish and Game Protective association. About the only important business transacted was the discontinuing of the services of the association's field secretary for the present, V. C. Buell.

OFFICERS DELAYED AND
INITIATION POSTPONED

Because of the wreck near Oshkosh yesterday afternoon, officers of the grand caravan of the Order of Camels were unable to reach Appleton Monday evening and as a result postponed initiation of a large class into the order was postponed. All arrangements had been made for the meeting and a class of about 120 men was ready for the trip over the Sahara sands. Election of officers for the local caravan will not be held until the lodge is formally organized here.

COTTON GROWERS
FIGHT BOLL-WORM

By United Press Leased Wire
Lake Charles, La.—The Mexican pink boll-worm has turned up here and cotton growers are taking stringent measures to prevent its growth. Several hundred acres of cotton land at Cameron Parish, near here, is under quarantine.

ROTARIANS SEE MOVIE
OF CHEESE MANUFACTURE

A movie showing the process of manufacture of the largest cheese in the world, made by Simon Cheese Co. of this city, was shown at the Rotary Club meeting at the Y. M. C. A. Monday noon. James Wood of the Pottsville company, read a paper on "Milk."

The sound of a bell which can be heard 45,000 feet through the water can be heard through the air only 456 feet.

BOOM FOR LENROOT IS STARTED IN NEW YORK

REPUBLICANS OF JAMESTOWN,
N. Y., ORGANIZED TO PLACE
BADGER SENATOR IN
WHITE HOUSE.

Jamestown, N. Y. — A boom for United States Senator Irvine L. Lenroot of Wisconsin for the presidency

was launched here at a conference called by Frank G. Curtis of Washington, D. C., and Casper, Wyo., a former Jamestown attorney.

Only a few hours' notice of the conference was given but seventy-five men were present and there was great enthusiasm. Senator Lenroot having made a splendid impression upon his appearance before the Northern club several weeks ago.

Mayor Samuel A. Carlson called the conference to order and Attorney Ernest Cawcroft was chosen chairman.

It was decided to maintain an organization and a committee was named to boom Lenroot in western New York. Other Lenroot for President clubs will be organized in New York.

Mayor Carlson, progressive candidate for congress in 1912, Attorney Cawcroft, chairman of the progressive county committee, and a member of the progressive state committee in 1912, and F. G. Curtis, progressive leader in that year, were the speakers at the conference.

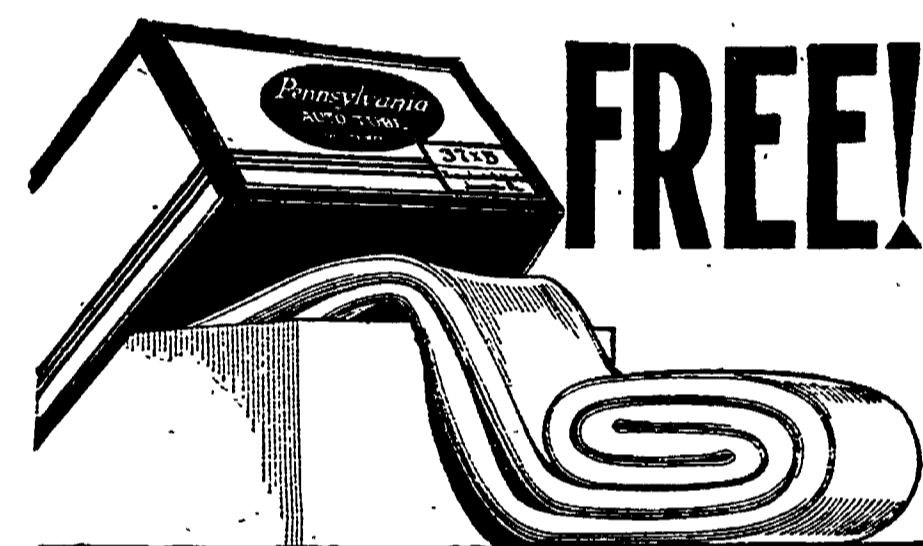

They all paid tribute to Senator

Lenroot's public record and his qualifications for the presidency.

"When I recall Roosevelt I think of Lenroot," said Mr. Cawcroft, a close personal friend of Roosevelt. "Lenroot is one of the great progressives of today and the kind of man the people want for president."

Maj. Charles A. Sanburg has been named as the chairman of the committee in charge of the organization of the Irvine L. Lenroot club of Jamestown, which is at the head of the movement to arouse interest in Lenroot's presidential candidacy.

The World's Largest Production of Tires on the Smaller Cars Alone

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water—\$4.50 proof bag
